Re: Unanticipated Revenue - LRHIP Emergency Funds – Dufort Rd Culvert at Morton Slough

R&B
Item # 4

On the morning of Sunday June 4th, a 12ft diameter steel plate culvert which passes under Dufort Rd connecting Morton Slough to the Pend Oreille River suffered a sudden and catastrophic collapse. The BOCC declared an emergency and the Road & Bridge Department has been working to construct a quality permanent replacement in the shortest time feasible in order to be able to re-open the road.

Shortly after the collapse, Road & Bridge submitted a grant application for \$100,000 of emergency funding through the Local Highway Technical Assistance Council's (LHTAC) Local Rural Highway Improvement Program (LRHIP), which has funds set aside for emergency repairs. LHTAC has approved the award of this money and Bonner County has received the check for \$100,000.00.

Idaho code 31-1605 provides that the Board of County Commissioners may adjust the budget as adopted, provided that there shall be no increase in anticipated property taxes. We are proposing to increase Bonner County Road and Bridges budget line Item 002-8750-"Contracts Misc" by \$100,000.00 to help cover the cost of the emergency project.

Road & Bridge requests the Commissioners authorize the Clerk to open the FY2023 budget and add unanticipated revenue to Road and Bridges "B" Budget for a total increase of \$100,000.00. Please reference the attached budget amendment resolution.
