Hello. ITD has not been asked to comment on CUP 0012-24 as of yet. We would like to add our comments to the record.

ITD has permitted a joint use approach at this location, 1-07-187. However, it says in the CUP application that there will be some improvements made to the approach, i.e. gravel added. If improvements are to be made to the approach, the landowner who owns the approach must apply for a new permit that will address the improvements.

Have a nice day!

Hello. ITD has permitted a joint use approach at this location, 1-07-187. However, it says in the CUP application that there will be some improvements made to the approach, i.e. gravel added. If improvements are to be made to the approach, within ITD ROW, the landowner who owns the approach must apply for a new permit that will address the improvements.

Let me know if you have questions.
