Staff Review and Analysis:

Historical Context and Update Process

The effort to update Bonner County's Comprehensive Plan began in 2017 with the formation of regional sub-area planning committees: Priest River–Oldtown (West County), Priest Lake, Sagle, Selle–Samuels, and Southwest County. These committees developed land use recommendations specific to their regions, which were submitted to the County as sub-area plans by 2021.

In April 2022, the newly formed Planning Commission assumed responsibility for continuing the update process, beginning with the Implementation Component. This

component contains the Comprehensive Plan's overarching goals, objectives, and policies. The first update to this section was adopted by the Board of County Commissioners (BOCC) on December 21, 2022 (Instrument No. 1015332, Bonner County Records).

From the outset, the Planning Commission anticipated a second revision of the Implementation Component following the adoption of all other plan components. As of May 2025, all components have been adopted by the BOCC, with the exception of the Land Use Component, which is currently pending a public hearing and adoption.

The current revision incorporates changes to align the Implementation Component with the updated Comprehensive Plan, including:

- Rewording, removing, or adding goals, objectives, and policies for clarity and consistency
- Ensuring content reflects the priorities and findings of the individual plan components and sub-area plans

Statutory Alignment – Idaho Code §67-6504(o)

Idaho Code §67-6504(o) requires that the Implementation Component includes an analysis identifying the actions, programs, ordinances, and scheduling of public expenditures necessary to implement the plan.

The updated Implementation Component meets this requirement in the following ways:

- **Actions:** The document includes specific policies directing the County to maintain zoning enforcement, coordinate with agencies, encourage clustered development, and regulate development in hazard-prone areas. These are actionable steps tied to the plan's goals.
- **Budgets:** The plan recommends an annual review of the Comprehensive Plan prior to the County's budgeting process to assess whether funding is needed for implementation. While general, this acknowledges the role of budgeting in plan execution.
- **Ordinances:** The component includes multiple references to maintaining and updating land use regulations and development standards, directly linking plan goals to the County's ordinance framework.

While the component could benefit from more explicit references to program funding and expenditure scheduling, its structure and content reflect a good-faith effort to fulfill the statutory purpose by linking policy intent to practical implementation tools.

Planning Commission Schedule of Workshops and Hearings

The Planning Commission held a series of public workshops to review and revise the Implementation Component on the following dates:

- April 1, 2025 – Workshop
- April 15, 2025 – Workshop
- April 29, 2025 – Workshop
- June 3, 2025 – Planning Commission Hearing. The Planning Commission Recommended approval of the update by unanimous vote.

Board of County Commissioner Schedule of Workshops and Hearings

- The Board of County Commissioners held a workshop with the Planning Commission on July 31, 2025.
- August 12, 2025 – BOCC Hearing

Motion by the Governing Body:

BOARD OF COUNTY COMMISSIONER

MOTION TO APPROVE: I move to **approve** the recommended updates to the Land Use component and Land Use Map of the Comprehensive Plan, File AM0004-25, as presented or as amended in this hearing, finding that it is in accord with the requirements of Idaho Code §67-6508 and the procedures of Idaho Code §67-6509. This action does not result in a taking of private property.

MOTION TO APPROVE RESOLUTION: I move to **approve** Resolution# _____, adopting the recommended updates to the Implementation component of the Comprehensive Plan, File AM0004-25 and repealing the previously adopted Implementation component of the Comprehensive Plan.

MOTION TO AMEND THE RECOMMENDED UPDATES: I move to **amend** the recommended updates to the Implementation component of the Comprehensive Plan, File AM0004-25, as discussed during this hearing. This action does not result in a taking of private property.

MOTION TO DENY: I move to **deny** the recommended updates to the Implementation component of the Comprehensive Plan, File AM0004-25, finding that it is not in accord with the requirements of Idaho Code §67-6508 and the procedures of Idaho Code §67-6509. This action does not result in a taking of private property.

Findings of Fact:

1. Per Idaho Code Chapter 65, Title 67, it is the duty of the planning or planning and zoning commission to conduct a comprehensive planning process designed to prepare, implement, and review and update a comprehensive plan, hereafter referred to as the plan.

2. The Board of County Commissioners is authorized by Idaho Code, Chapter 7, Title 31, to adopt ordinances, rules and regulations "...not repugnant to law, necessary for carrying into effect or discharging the powers and duties conferred by the laws of the state of Idaho, and such as are necessary or proper to provide for the safety, promote the health and prosperity, improve the morals, peace and good order, comfort and convenience of the county and the inhabitants thereof, and for the protection of property therein..."
3. The Implementation Component was updated via file AM0012-22 and approved by the BOCC on December 21, 2022 as found on instrument number 1015332, records of Bonner County.
4. The Implementation Component, as amended, is consistent with the currently adopted or recommended comprehensive plan components.

Conclusions of Law:

1. The proposed amendment **IS** in accord with Idaho Code Title 67, Chapter 65.
