Letter from the Planning Commission

July 21, 2022

Subject: Bonner County Comprehensive Land Use Plan Goals, Objectives and Policies Suggested Update – Request for Comment

To All Agencies,

Currently, Bonner County is in the process of updating the County's Comprehensive Land Use Plan (Plan) in accordance with Idaho Code, Title 67, Section 6508. The Commission has reviewed the goals, objectives and policies of the current Plan and drafted suggested changes. The input from the sub area committees established by the County Commissioners was fully considered in this review.

The Plan components reviewed in the accompanying document are as follows: Property Rights, Population, School Facilities and Transportation, Economic Development, Land Use, Natural Resources, Hazardous Areas, Public Services, Facilities and Utilities, Transportation, Recreation, Special Areas and Sites, Housing, Community Design, and Agriculture. The attachments to this letter include:

- A copy of the existing goals, objectives and policies of the Comprehensive Plan.
- A copy of the suggested updated goals, objectives and policies.

The Planning Commission is requesting agencies with expertise or permitting authority to review the suggested update. After considering the agencies' input the Planning Commission may adjust the goals and policies as necessary. The next step in updating the 2005 Comprehensive Land Use Plan will be to analyze the text of each component listed above. Thank you for working with Bonner County on updating the Comprehensive Land Use Plan.
