All,

Thank you for the updated revisions. The one thing I spotted was in the Economic Development component, I believe there was a word left out. Under the Policies, second bullet it states

Commercial uses may be conditionally permitted in areas not identified for such uses in the Comprehensive Plan if a critical review of the proposed use determines that with appropriate conditions the use will not adversely impact the surrounding area.

However, I believe to flow with all of the other objectives and policies, it should state "Commercial and Industrial uses...."

Thanks, Matt
