Dear Swati,

In regards to the Fire Risk Assessment and Mitigation Plan for the Lochlyn Estates Subdivision, each lot created by the subdivision will address the improvement location and defensible area at the building permit stage. Each lot will be 10 acres or more, so multiple building sites are available on the lots. The buyer of each lot will want to have the right to choose that location and will be responsible for submitting for that permit. Therefore I request to not identify the fire defensible area at the time of subdivision.

Sincerely,

A handwritten signature in black ink that reads "Robert C E Polocz Jr". The signature is written in a cursive style with a large, stylized "Jr" at the end.

Robert C E Polocz Jr
