Bonner County Planning Department:

Thank you for providing the opportunity to comment on the proposed project CUP0013-23.

The Idaho Department of Water Resources (IDWR) requires that construction of a new well(s) must comply with drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules. If the proposed well is intended to be used for domestic purposes as defined in Idaho Code § 42-111 (for a household, no more than 13,000 gallons per day including up to a ½ acre of irrigation), the use will not require approval from IDWR. If the well will be used to irrigate more than ½ acre, use more than 13,000 gallons per day, or **be shared by more than one household**, the owner will need to file for and receive approval of an Application for Permit [before a well drilling permit can be approved](#).

The applicant can contact the Department with any questions.

Sincerely,

Tammy Alleman | Water Right Agent
