This approach was originally applied for in parcel no. RP021090000010A, about 290 feet north of where the approach is placed in the plans submitted to the county. ITD denied the permit and would suggest getting an easement through parcel no. RP02090000020A to use McDonald Creek Rd. The permittee has so many days to appeal the denial but ITD has seen no new plans. The approach in the plans submitted to the county would not be approved based on IDAPA spacing requirements.
