Thank you for the opportunity to comment on CUP-0008-24. The storage tank project is a necessary improvement to the Southside water and sewer District's infrastructure. The design and sizing of the tank is under review by DEQ and the current proposal does not match the system needs described in the approved Facility Plan. Further engineering will be required before the project will receive DEQ approval to proceed with construction. For questions regarding the DEQ requirements, please contact Katy Baker-Casile at katy.baker-casile@deq.idaho.gov or 208-666-4640.

Thank you-
