Good morning,

This approach is permitted with permit no. 1-23-121. The original permit has been amended to reflect 110 units. Some provisions of this permit are as follows:

1. Right and Left turn lanes and the location of the approach must be constructed based on the Engineered stamped plans dated 6/5/23.
2. Any additionally units will require a change in use permit.
3. Parcel owners RP60N05W255530A and RP60205W2556314 must have knowledge of and approve of the date and duration of construction, including written permission to remove and regrade approaches per sheet R3 and R4.

ITD approves of the county permit so long as the provisions of permit no. 1-23-121 are met.

Thanks,

Symone Legg | Project Coordinator
