To: Bonner County Planning Department <planning@bonnercountyid.gov>

Thank you for the opportunity to comment on the application for MOD0001-24. It appears the expansion of the church facility may have implications for the drinking water and wastewater needs of the property. DEQ recommends the applicant coordinate with Panhandle Health District to evaluate the need for modifications to the existing septic system to accommodate the number of people expected. We recommend the applicant contact DEQ's regional engineering manager, Katy Baker-Casile at 208-769-1422 to discuss if the proposed project will require modifications to the existing drinking water system. If modifications to the drinking water system are necessary, the modifications will need to be designed by a licensed engineer and submitted to DEQ for review and approval.

If you have any questions about the comments this project has received please contact:

- Katy Baker-Casile for engineering and wastewater.
- Anna Moody for drinking water.
- Shawn Sweetapple for air quality.
- Kevin Aardahl for remediation or RCRA.
- Robert Steed for surface water and setback requirements.

Thank you-

Idaho Department of Environmental Quality
2110 Ironwood Parkway, Coeur d'Alene, Idaho 83814
