To: Julie Bishop <ihdclerk@gmail.com>

Julie,

Flurry Court is a driveway to 4 condos which were built prior to the current setback requirements. The project is to add an addition to the back of the condo building. The buildings have flat roofs and do not shed snow. The only concern would be the roof of the new addition must not shed snow. A flat roof would prevent this.

Thank you,

Mel Bailey, IHD Board Chair

Good afternoon, Mel,

The subject property is on a private road and is therefore not subject to the jurisdiction of the District.

Do you have any comments to add?
