Hi Janna,

I was able to figure it out. None of the immediately surrounding structures are eligible for the historic register, according to the ICRIS system, and while the north end of Priest Lake has major site on this lot. Therefore, I can make no objections or recommendations for conditions to the proposal.

However, I do encourage you to reach out to the Priest Lake Museum to see if they have any additional information and to add them to your list of contacts if they are not already on it.

Thank you,

Hi Janna,

Can you give me the address of the site, please? There are several cabins on Beaver Creek Ln that are of historic significance, but I can't tell which one this is. Thank you!
