Bonner County Road & Bridge Department would like to offer our strong support for this CUP application. Gravel pits with suitable hard fractured rock are an essential resource used in the construction and maintenance of public roadways, concrete production, winter sanding materials, and countless other uses by the public for modern infrastructure. The Road & Bridge Department has been vocal in recent years about the growing critical need for more gravel pits within the county. Most of the County's own pits have been mined out, and most of our annual aggregate materials are now purchased through the remaining private pits, which themselves are being mined out at an alarming rate. This leads to higher materials costs and significantly longer truck hauls to move materials from the remaining pits to construction sites. A pit with hard fractured rock that this site can provide is badly needed in the greater Sagle area and this location near Spirit Lake Cutoff is well suited for the connectivity that the nearby major roadways provide to distribute materials.

The site is accessed from Curtis Creek Rd, which is a County maintained gravel road. The most recent traffic count on the road was in 2013 and indicated an average of 64 vehicles per day. Per the Bonner County Road Standards Manual Section 9, all land use actions shall be accompanied by a Trip Generation and Distribution Letter that the County may review to determine the impacts that the proposal might have on the transportation network and also to determine if a more involved traffic impact study is warranted. In this case, it may be worth examining to see if turn lanes for trucks off of Spirit Lake Cutoff would be warranted, and whether or not the additional truck traffic would warrant requiring new asphalt surfacing on Curtis Creek Rd so that it could hold up to the increased heavy traffic.

The site is currently accessed from an un-permitted residential driveway. The Applicant will need to apply for a commercial approach encroachment permit and likely need to upgrade the approach onto Curtis Creek Rd to meet the commercial approach standards.

IDAHO DEPARTMENT OF FISH AND GAME

PANHANDLE REGION

2885 West Kathleen Avenue

Coeur d'Alene, Idaho 83815

Brad Little / Governor
Jim Fredericks / Director

September 18, 2025

Dylan Young, Hearing Coordinator
Bonner County Planning Department
1500 Highway 2, Suite 208
Sandpoint, ID 83864

REFERENCE: CUP0005-25 – Gravel Pit

Dear Dylan,

The Idaho Department of Fish and Game (IDFG) have reviewed the Conditional Use Permit application to create a gravel pit on an approximately 38.48-acre property in the Agricultural/Forestry 10 Zone. The purpose of these comments is to assist the decision-making authority by providing technical information that can be used to minimize fish and wildlife impacts.

The project area is located off Curtis Creek Road and is currently sparsely forested. It is up-slope of Curtis Creek to the north. Curtis Creek is a small perennial stream that has been modified in its lower reaches and eventually flows subterranean. A 2005 IDEQ BURP report shows that Curtis Creek supports Brook Trout. Small streams provide essential habitat for many species and support production of macroinvertebrates that fish and birds rely on for food.

The proposed mine site occurs on a lightly timbered, brushy, south facing slope that may be used as winter range for big game species. While the mine is active wildlife will likely be displaced; however, as the mine area is reclaimed with established vegetation wildlife may begin to use the area again.

IDFG offers the following recommendations:

- An IDL reclamation permit be obtained and a reclamation plan be developed.
- Reclamation plan should include revegetation details and a schedule for reclamation.
- Re-contouring/reshaping the site to include slopes that mimic unchanged local terrain to the extent possible. Re-grading should include filling of the tailing ponds.

Keeping Idaho's Wildlife Heritage

Equal Opportunity Employer • 208-769-1414 • Fax: 208-769-1418 • Idaho Relay (TDD) Service: 1-800-377-3529 • <https://idfg.idaho.gov>

- Replanting the site with native tree, shrub, grass and forb species. Vegetation should be monitored and maintained, and all dead vegetation replaced, until 80% survival is achieved through a complete growing season.
- This area is prone to highly erodible soils, and rain-on-snow runoff events are common in this area. Therefore, it will be critical that sediment retention basins are built and sized to handle these storm events to prevent sediment from flowing downhill into Curtis Creek.
- Blasting residue and rock dust could also be a source of nutrients that could affect local water quality. A 30–50 foot buffer of natural vegetation between the project area and the streams should be maintained.
- Any vertical drops of over 15 feet be fenced from above to avoid wildlife injury from falls.

Thank you for the opportunity to comment.

Sincerely,

Carson Watkins
Panhandle Regional Supervisor

[EXT SENDER] RE: Bonner County Planning - File CUP0005-25 Agency Review

1 message

Bates, Luke <Luke.Bates@idwr.idaho.gov>

Thu, Sep 4, 2025 at 9:48 AM

To: Bonner County Planning Department <planning@bonnercountyid.gov>

Dylan Youn – Bonner County Planning Department,

Good morning.

Reference to CUP0005-25 agency comment review - upon review of the Conditional Use Permit Application submitted by Darren Hegge, Idaho Department of Water Resources (Department) offers the following comments:

- The project contemplates development of a gravel pit that would employ staff and receive customers on a daily basis; while the application makes declaration that “the proposed use does not require water to be provided”, there is no description included related to potential water use for restrooms/drinking/gravel washing (if applicable).
- If the project does not plan to use a private ground water well source to meet any required water uses related to restrooms/drinking/gravel washing (if applicable) the Department has no additional comments to add.
- If a private ground water well is contemplated for development with the gravel pit project, Idaho Code § 42-111 authorizes ground water exempt status use for Domestic purposes for **any other use(s)** aside from homes, organizational camps, public campgrounds, or livestock so long as the proposed use from the well does not exceed 2.8 acre-feet per year. If the Applicant seeks to establish water use at the gravel pit which may exceed the above detailed use(s), the Department requires an Application for Permit be submitted and gain approval prior to developing diversion from a ground water well.

The above comments speak to a potential for water uses commonly observed at established gravel pit operations in Bonner County, but **do not constitute any permit requirements from the Department which would hold up Bonner County approval of the CUP**. The applicant may contact the Department to engage in conversation with staff related to statutory water right requirements.

Thank you for the opportunity to comment,

From: Bonner County Planning Department <planning@bonnercountyid.gov>

Hello. Mr. Cook will need to apply for a new access to the highway, see link below. He will also need to obtain written permission from ITD for any signs in the Right-of-Way.

He can pay here: <https://otc.cdc.nicusa.com/Public2.aspx?portal=id&organization=ITD%20Online%20-%20District%201>

And apply here:

<https://survey123.arcgis.com/share/a2d69aa0e44c403e8182b92724c6dd3e?portalUrl=https://gisp.itd.idaho.gov/portal>

Have a nice day!

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this 2nd day of **September 2025**.

Dylan Young

Dylan Young, Hearing Coordinator

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, September 2, 2025**.

NOTICE IS HEREBY GIVEN that the Hearing Examiner will hold a public hearing at **1:30 pm** on **Wednesday, October 1, 2025** in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following request:

File CUP0005-25 - Conditional Use Permit - Gravel Pit

The applicant is requesting a Conditional Use Permit for a gravel pit. The ≈38.48-acre property is zoned Agricultural/Forestry 10. The project site is located off Curtis Creek Road in Section 28/33, Township 55 North, Range 04 West, Boise-Meridian. The project site is within the service areas of Spirit Lake Fire District and West Bonner School District #83.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.
