Now Live: Apply for Your Building Location Permit Online!

We're making building easier! You can now apply for your **Building Location Permit** quickly and securely through our **new citizen online portal**, available 24/7 from the comfort of your home or office. You can also apply on one of the kiosks provided in the Planning Department office, located in the County Administrative Building, Suite 208.

Fast & easy application process
Track your permit status in real time
Upload documents directly

Online Application Guide

Visit <https://bonnercountyid-energovweb.tylerhost.net/apps/selfservice#/home> **to get started today!**

Effective July 1, 2025, all Building Location Permits must be applied for through the online citizen portal and we will no longer be accepting applications sent via email or printed paper applications. Have questions? Call 208-265-1458, our team is ready to help.

Build smarter. Apply online.

DEQ Comments <deqcomments@deq.idaho.gov>

Thu, Apr 10, 2025 at 4:30 PM

To: Bonner County Planning <planning@bonnercountyid.gov>

Per the application, the drinking water system serving this project would meet the definition of a public drinking water system (PWS) serving 25 people 60 days or more per year and must meet the requirements of a transient, non-community PWS under the Idaho Rules for Public Drinking Water Systems (Rules). If the CUP is approved the owner must meet the following requirements prior to developing and serving water to the public:

- The well location and construction must first be assessed and approved by DEQ. If it cannot be approved to meet Idaho Rules, another drinking water site and source must be approved.
- A facility plan and preliminary engineering report (PER) developed by an Idaho licensed professional engineer, which includes relevant requirements listed in IDAPA 58.01.18 Section 500, must be submitted to and approved by DEQ.
- Plans and specifications for the drinking water infrastructure to serve this project must be submitted to DEQ by an Idaho licensed professional engineer and approved by DEQ, and the well pump test must be performed and approved in
- accordance with DEQ requirements.
- Initial water quality monitoring must be performed.
- Contact DEQ, Coeur d'Alene for further information (208) 769-1422.

Wastewater

The application states wastewater will be disposed of through a drainfield. DEQ may be involved in the review of the wastewater system at the request of Panhandle Health District (PHD). If the cumulative design flow from all wastewater generating facilities on the property exceeds 2,500 gallons per day (gpd), the wastewater system will be considered a public wastewater system and must meet the applicable rules defined in IDAPA 58.01.16 and IDAPA 58.01.03. If DEQ is requested to review the project, and the project exceeds 2,500 gpd, DEQ will require the applicant to submit a preliminary engineering report (PER) prepared by an Idaho-licensed professional engineer, a demonstration of technical, financial, and managerial capacity, engineered plans and specifications, and results from a nutrient-pathogen evaluation, prior to DEQ recommending approval to PHD.

Bates, Luke <Luke.Bates@idwr.idaho.gov>

Thu, Sep 4, 2025 at 12:14 PM

To: Bonner County Planning Department <planning@bonnercountyid.gov>

Dylan Young – Bonner County Planning Department,

Good morning.

Reference to CUP0003-25 agency comment review - upon review of the Conditional Use Permit Application submitted by Richard Cook, Idaho Department of Water Resources (Department) offers the following comments:

- The Application asserts there is an existing ground water well currently serving a house and ADU at minimum being served water from the well associated with parcel RP59N01W032501A. Currently there are no recorded water rights related to the parcel, but the ground water well's usage may conform to Domestic exempt status water usage authorized by Idaho Code §**42-111**. Current exempt status uses from the well may be filed on in any future Department Adjudication processes – near-future Kootenai River Basin Adjudication (KRBA) process proposed to commence by year 2026.
- Any additional water uses from the same ground water well shall require an approved Application for Permit be submitted by the Applicant and be Permit approved by the Department prior to the diversion of water for related beneficial uses e.g., commercial water use.
- If proposed water usage under the project meets the threshold for IDEQ regulatory requirements any Department permit approval shall include conditions of approval related to meeting IDEQ requirements prior to diversion of water from the ground water source(s).
- The Department requests the Applicant contact IDWR Northern Regional at their earliest convenience to discuss water right processes to ensure any permit requires begin now as **the applicant is not authorized to divert water for commercial related purposes associated with the wedding venue without an approved water right permit.**

Thank you for the opportunity to comment,

Thank you for the opportunity to comment on the proposed Conditional Use Permit. Our office has reviewed the project location and its potential concerns for cultural resources and have concluded that archaeological resources may be encountered, and we recommend an archaeological survey prior to any ground disturbing activities. Please see the attached letter from our office. Should you have any additional questions or concerns, please let our office know at your earliest convenience.

Sincerely,

Chris

**Re: File CUP0003-25 – Conditional Use Permit –
Private Community Facility
SHPO Review No.: 2025-1087**

Dear Bonner County Planning Department:

Thank you for consulting with our office on the above-referenced project. The State Historic Preservation Office is providing the following comments to the Bonner County Planning Department regarding potential effects to archaeological and historic built environment resources within the proposed project footprint or its immediate vicinity.

On 10 September 2025, our office received notification of the project application with a request for agency review. The historic property review was initiated in response to a request for a Conditional Use Permit for the creation of a Private Community Facility. The 60-acre property is zoned Agricultural/Forestry 10. The project is located off Lakehouse Lane in Section 3, Township 59 North, Range 1 West, Boise-Meridian.

Our office consulted historic aerial images and maps in addition to the Idaho Cultural Resources Information System in an effort to identify cultural resources in the area. The project location is within a region that has known archaeological resources that may be encountered during project development. Therefore, we recommend an archaeological inventory be conducted to identify any cultural resources within the 60-acre project area. This survey should be conducted by an individual or firm meeting the Secretary of the Interior's Professional Qualifications for archaeology.

A list of qualified professionals who meet the requirements for archaeologist can be found on our website at https://history.idaho.gov/wp-content/uploads/Idaho_HP_Consultants_List.pdf. Inclusion on this list should not be viewed as an endorsement or recommendation by the State Historic Preservation Office. More information and guidance about conducting archaeological inventories within Idaho can be found at our website at <https://history.idaho.gov/shpo/idaho-shpo-guidance/>.

In the event that previously unidentified archaeological material is inadvertently encountered during the implementation of this project, work If you have any questions, or the scope of the project changes, please contact me at chris.shaver@ishs.idaho.gov or (208) 488-7467.

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this **1st** day of **July, 2025**.

Dylan Young

Dylan Young, Hearing Coordinator

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, July 1, 2025**.

NOTICE IS HEREBY GIVEN that the Bonner County Commissioners will hold a public hearing at **1:30 pm** on **Monday, July 21, 2025**, in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following request:

File CUP0003-25 – Conditional Use Permit – Private Community Facility

The applicants are requesting a Conditional Use Permit for the creation of a Private Community Facility. The 60-acre property is zoned Agricultural/Forestry 10. The project is located off Lakehouse Lane in Section 3, Township 59 North, Range 1 West, Boise-Meridian. The Bonner County Hearing Examiner approved this file with conditions, at the May 12, 2025 hearing. On May 29, 2025 the Bonner County Planning Department received an appeal of the Hearing Examiner's decision, to be heard by the Board of County Commissioners.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

Janna,

NLI is not opposed to the proposed event center outlined in project # CUP0003-25.

NLI provides a single phase, 400amp service to the existing residential use on the property addressed at 491570 HIGHWAY 95;
 shown below:

The existing electrical service (400a) may be large enough to accommodate the residential power requirements in addition to the proposed use. The applicant's electrician can make that determination. The applicant should be aware that to make changes to their electrical service they can apply for a service change online at <https://www.nli.coop/wp-content/uploads/20240221-NLI-Sirv1.pdf>

The applicant should be aware that to make changes to their electrical service they can apply for a service change online at <https://www.nli.coop/wp-content/uploads/20240221-NLI-Sirv1.pdf>

They should also be aware that no permanent structures may be constructed within 10-ft of the existing underground line as it is located on their property. This is important to note if they have additional area shown on the revised site plan.

The depth of the cable must remain 36" or greater, any grading or excavation on the property must preserve the cable burial depth.
The applicant is required to call 811 for utility locates prior to any dirt work.

Thank you for allowing us to review and comment on the project--sincerely,

Samuel Ross

Re: File CUP0003-25 – Conditional Use Permit – Private Community Facility

Bonner County Planning Department,

Thank you for the opportunity to comment on the proposed **File CUP0003-25 – Conditional Use Permit – Private Community Facility**. The Panhandle Health District has the following comments:

- The applicant is referencing their personal dwelling and adu septic system for possible wastewater disposal, however, **no additional flows may be added without an expansion permit or the proposed facility's own separate drainfield**. Per IDAPA 58.01.03, Every owner of real property is jointly and individually responsible for:
 - i. Storing, treating, and disposing of blackwaste and wastewater generated on that property.
 - ii. Connecting all plumbing fixtures on that property that discharge wastewaters to an approved wastewater system or facility.
 - iii. Obtaining necessary permits and approvals for installation of individual or subsurface blackwaste and wastewater disposal systems.
- Applicant will need to submit a letter of intended use with a new Septic Permit Application for septic system to service the events.

Thank you,

Timothy S. French, REHS

Jessica Montgomery

Jessica Montgomery, Hearing Coordinator

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Wednesday, April 9, 2025**.

NOTICE IS HEREBY GIVEN that the Bonner County Hearing Examiner will hold a public hearing at **1:30 pm** on **Wednesday, May 7, 2025** in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following request:

File CUP0003-25 – Conditional Use Permit – Private Community Facility

The applicants are requesting a Conditional Use Permit for the creation of a Private Community Facility. The 60-acre property is zoned Agricultural/Forestry 10. The project is located off Lakehouse Lane in Section 3, Township 59 North, Range 1 West, Boise-Meridian.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

After review of application CUP0003-25, IDWR does not have any comments on the proposed conditional use permit. Currently, no water rights exist for this property. Surface water use may be subject to water right requirements if the natural course is altered. Proposed water uses without a documented water right are subject to the limitations of Section 42-111, Idaho Code. Additional water rights may be required, please have the applicant contact the IDWR Northern Regional Office by phone at 208-762-2800 or by email at northerninfo@idwr.idaho.gov.

Thank you for the opportunity to comment.

Sincerely,

Micki Bowman | Administrative Assistant 1
