Good morning, Janna.

NLI is not opposed to the proposed plat, S0001-25 - River Estates.

NLI owns and maintains a single-phase underground distribution powerline along the north edge of Stillmeadow Lane, through the south end of the two proposed lots.

NLI provides a metered electrical service to the proposed lot 2 and can provide a metered service to the owner of Lot 1.

The owner of Lot 1 will need to submit a new for a new service application, available at <https://www.nli.coop/programs-and-services/construction/>.

Thank you for the opportunity to review and comment--sincerely,

Samuel Ross
