We have no comment on the setback of the proposed deck, as outlined in the variance request.

However, in addition to the property owner's stated goal of improving ADA egress from the building, we urge the property owner to ensure the proposed deck does not significantly alter the historic integrity of the Historic Northern Hotel, one of Coolin's most important landmark buildings. As you can see in the attached photo from our archives, the hotel originally had a deck and balcony that contributed greatly to the building's character. The building has to date been maintained in a manner that honors the building's and the town's past, and we hope the property owner will continue this legacy. We encourage the owner to visit our archives if they can be of use to his current and future projects.

Thank you,  
**Hannah Combs**

**Dan Brown** <DBrown@idl.idaho.gov>

Tue, Jun 17, 2025 at 3:10 PM

To: Bonner County Planning Department &lt;planning@bonnercountyid.gov&gt;

Thank you for the opportunity to review Variance Request V0018-25. I want to maintain consistency with my previous comments regarding the variance request for the same parcel, V0027- 24. The Idaho Department of Lands (IDL) has no jurisdictional authority over the upland for this project. However, IDL administers the adjacent endowment land affected by the proposed zero-foot setback. Although the neighboring endowment parcel is currently vacant, it has been identified for future development. Please consider this decision as if planning for future residential or commercial infrastructure on the adjacent endowment parcel. A zero-foot setback could pose safety risks and negatively impact the future development of this parcel. Setbacks for the existing deck and other encroachments should allow repair and maintenance access from the owner's parcel. If it is demonstrated that certain areas of the current deck cannot meet ADA compliance, a zero-foot variance for specific portions may be appropriate. IDL recommends maintaining established setbacks whenever possible to ensure the safety, privacy, and environmental health of Priest Lake and Bonner County. Our agency will rely on the Bonner County variance process to preserve the spirit of the current ordinance and decide if a variance for VA0018-25 is warranted.

Regards,

Dan Brown

**Re: Bonner County Planning - File V0018-25 Agency Review**

1 message

**'Sam Ross' via Mail-Planning** <planning@bonnercountyid.gov>

Reply-To: Sam Ross &lt;sam.ross@nli.coop&gt;

To: Bonner County Planning &lt;planning@bonnercountyid.gov&gt;

Regarding the project V0018-25, a Variance for a deck at the Old Northern Inn in Coolin, ID:

NLI has been in contact with the owner of the property, and they have assured us that the new deck will not encroach or affect the electric line and meter on the structure. The meter is located on the southern wall of the hotel outside of the proposed deck footprint.

Thank you again for the opportunity to review and comment.

Sincerely,

**Samuel Ross**

Engineering Assistant I

Hi Jeannie,

NLI is not opposed to the variance allowing for the modification of the deck so long as the new structure does not cover the underground power line feeding the meter on the SW corner of the building.

NLI has an easement 10ft either side of the line feeding the meter and that easement excludes permanent structures.

It is not clear at this time where the meter and underground line is in relation to the proposed deck. I have contacted the applicant and property owners and am waiting to hear back.

An appropriate condition of approval is that the deck does not encroach on the existing NLI underground electric line feeding the meter on the building. NLI owns that line-- any structure built over the line threatens compliance with NESC which is the safety code electric utilities follow to safeguard people. This would be consistent with BCRC 12-234.

Thank you for considering these comments--sincerely,

**Samuel Ross**
