Appendix C- Zoning Commission Recommendation

Project summary:

The applicant is requesting a zone change from Agricultural/ Forestry-10 to Rural-5. The lot is located on the corner of Highway 200 and Old Highway. The lot is 10.77 acres. The lot has a comprehensive plan land use designation of Ag/Forest Land. The lot is generally located in Section 3, Township 57 North, Range 1 West, Boise Meridian Bonner County, Idaho.

Applicable Laws:

The following sections of BCRC, Title 12, apply to this project:

- BCRC 12-111: Purpose et seq, health, safety, and general welfare
- BCRC 12-210 et seq, - Title Amendments, Comprehensive Plan Amendments and Zone Changes
- BCRC 12-320.1 – Zoning districts and map designation, purpose
- BCRC 12-320.2 – Zoning districts and map designations established
- BCRC 12-322 – Agricultural/ Forestry District
- BCRC 12-323 – Rural District
- BCRC 12-800 et seq., Definitions

Background:

A. Site data:

- Use: Vacant
- Platted
- Size: 10.72 acres
- Zone: A/F-10
- Land Use: Ag/Forest Land (at the time of staff report)

B. Access:

- Access is Old Highway a Bonner County owned and maintained gravel right-of-way.

C. Environmental factors:

- Site does contain mapped slopes of 0- \geq 30% grade. (USGS)
- Site does not contain mapped wetlands. (USFWS)
- Site does not contain any mapped waterfront or streams. (NHD)
- Parcel is within SFHA Zone X, per FIRM Panel 16017C0950E, Effective Date 11/18/2009.
- Soil:
 - Description: Pend Oreille-Rock outcrop complex, 5 to 45 percent
 - Type: Complex
 - Drainage: Well Drained
 - Classification: Not prime farmland

D. Services:

- Water: To be served by individual wells
- Sewage: To be served by individual septic systems
- Fire: Northside Fire District
- Power: Avista Utilities
- School District: Lake Pend Oreille School District #84

- Idaho Department of Water Resources
- TC Energy
- Panhandle Health District
- Bonner County Historical Society
- Idaho Department of Environmental Quality
- Idaho Department of Fish and Game

The following agencies replied "No Comment":

- Kootenai Ponderay Sewer District
- TC energy

All other agencies did not reply.

G. Public Notice & Comments

As of the date of this staff report, public comments were received on this request.

Standards Review and Staff Analysis:

- **12-111: PURPOSE**

The zoning regulations and districts for the unincorporated areas of Bonner County, as herein established, have been made in accordance with a comprehensive plan and Idaho Code for the purpose of promoting the health, safety and general welfare of the people of Bonner County.

- **12-215: Applications for Zone Changes and Comprehensive Plan Map Amendments, Contents**

- The application was considered on complete April 21, 2025 and agencies were noticed accordingly.

- **12-216: Evaluation of Amendment Proposals**

- Staff and the Governing Bodies shall review the particular facts and circumstances of each proposal submitted and shall determine whether there is adequate evidence that the proposal is not in conflict with the policies of the comprehensive plan, as found in the adopted Implementation Component.

Existing Comprehensive Plan Designation: (at time of staff report)

Ag/ Forest Land:

The Ag/Forest Land designation recognizes areas where steeper slopes prevail (30% or greater) and transportation is provided by private roads or U.S. Forest Service or state roads. Urban services are not available and residential development challenges are present due to slope, poor soil conditions, hazard areas and lack of police or fire services.

Comprehensive Plan Analysis: Property Rights

Policies:

1. Bonner County should follow the attorney general's checklist, proscribed at Idaho Code §67-8003 and provided in the "Property Rights" component of the county's comprehensive plan, for all land use decisions.
2. For all land use decisions, findings of fact and conclusions of law should be adopted that reflect the justifications for exactions, conditions and restrictions and should confirm that a taking of private property has not occurred.
3. The property rights of the applicant, adjoining and nearby landowners and future generations should be considered, as well as the short-term and long-term consequences of decisions.
4. Bonner County should review all rezoning requests (down-zoning and up-zoning) pursuant to the Idaho State Code, Title 67, Chapter 65 – Local Land Use Planning Act. The approval of conditional rezoning or denial of a request for rezoning may be subject to the regulatory taking analysis provided for by Idaho Code Section 67-8003.

Staff: Upholding property rights and complying with Idaho state law the above policies allows the governing body to make informed, fair, and legally sound land use decisions that protect property rights.

Population

Policies:

1. Population projections should be analyzed regularly to determine if changes need to be made to the Comprehensive Plan goals, objectives and policies and/or the Zoning Ordinance to ensure that the public and community needs are being met through land use decisions.
2. Population forecasts and census data should be used to evaluate housing and school needs, and impacts to the transportation system and other county services.
3. Bonner County should cooperate with its incorporated cities and neighboring counties to address growth challenges within the ACI areas and coordinate planning efforts whenever possible.

Staff: The 2020 census placed Bonner County's population at 47,110. Bonner County, established in 1907, now has over 100 years of population data. The county grew by fewer than 2,000 people over the first 60 years of its existence. Between 1990 and 2000, Bonner County increased in population by 38.4 percent, but by the 2010 census, the growth slowed

to an 11 percent increase over 10 years. From 2010 to 2020 the population grew by 13 percent and the estimated increase from 2020 to 2021 was 3.4 percent or 49,491.

School Facilities & Transportation

Policies:

1. Current data regarding school capacity and transportation issues as provided by the School Districts will be included in the assessment of all land use proposals.
2. Bonner County should examine the impacts of land use proposals to the school system and should seek mitigation from developers such as providing facilities, safety features, fees or other measures as permitted by Idaho Code, to address the impact of the proposals.

Staff: Lake Pend Oreille School District #84 and Lake Pend Oreille School Transportation that serves the properties, were notified of the proposed zone change. Lake Pend Oreille School District did not comment as to how an increase in density and development could impact on the district's ability to provide adequate school services (and facilities) for new and existing students. The Transportation department did not provide a comment. Bonner County currently assesses property taxes; a portion of that revenue goes to the school's general fund. This project does not appear to be in conflict with these policies.

Economic Development

Policies:

1. Small scale cottage businesses and home occupations should be allowed in all areas of the county. Reasonable conditions on such uses should be set to minimize adverse impacts to the neighborhood based on factors including, but not limited to, hours of operation and traffic volume generated by the business.
2. Develop land use regulations to allow Bonner County's agricultural heritage to be maintained by enabling local food production, distribution, congregation, and retail sales. Examples include community gardens, school gardens, farm related education programs, farmers or public markets, and other small-scale, collaborative initiatives.
3. Develop standards for commercial and industrial development that are appropriate for the surrounding community, including: appropriate site sizes, use types, buffering and design standards that encourage both attractive and efficient function, while protecting the environment.
4. Review and update land use regulations for employee housing to support the goal of enabling this use in proximity to commercial, industrial and agricultural uses.

Staff: Bonner County's land use regulations provide a comprehensive framework that supports small-scale businesses, preserves agricultural heritage, promotes sustainable development, and facilitates the integration of employee housing with commercial, industrial, and agricultural uses. The county's approach balances the needs of diverse land uses while addressing potential impacts on the community and environment, fostering a vibrant and sustainable future for its residents.

Land Use

Policies:

1. Commercial and industrial uses, in areas identified in the Comprehensive plan suitable for such development, should be unconditionally permitted. Evaluation of suitability should be based on availability of urban services, adequate access to hard surfaced publicly maintained roads and other factors that may impact the surrounding community.
2. Commercial and industrial uses may be conditionally permitted in areas not identified for such uses in the Comprehensive Plan if a critical review of the proposed use determines that with appropriate conditions the use will not adversely impact the surrounding area.

Staff: Bonner County's land use policies for commercial and industrial development reflect a balanced approach that seeks to accommodate growth while preserving the county's rural character and environmental resources. By designating suitable areas for unconditional development and allowing for conditional permitting elsewhere, the county provides flexibility to meet economic needs without compromising community values. Ongoing community engagement ensures that land use decisions continue to align with the aspirations of Bonner County residents.

Natural Resources

Policies:

1. Watershed standards should be employed in land use codes to protect water quality.
2. Best management practices for waterway setbacks should be instituted to reduce erosion and sedimentation into waterways.
3. Development standards should be designed to encourage clustered development resulting in the preservation of open space and wildlife habitat.
4. Bonner County should recognize its critical wildlife habitat and create development standards to protect these areas and mitigate development impacts to these habitats.
5. Protect water quality by creating standards for development in close proximity to shorelines.
5. Productive farmland, timberland and mining lands should be identified and protected from adverse effects of adjoining developments.

Staff: Bonner County has adopted and implemented regulations that protect waterways from pollution, erosion and sedimentation. These measures help to protect the Bull Trout, the only mapped critical wildlife in Bonner County. The proposal is approximately 2 miles away from the mapped Bull Trout habitat. Furthermore, no regulatory agency identified any wildlife habitat on this proposal.

Hazardous Areas

Policies:

1. Flood mitigation standards should be adopted that meet or exceed the National Flood Insurance Program minimum requirements.
2. Residential, commercial or industrial development within the floodway should be discouraged.
3. Fill within the floodplain should be discouraged.
4. The county's wildland fire, urban/wildland interface policies and plans should be integrated into development standards.
5. Excessive slopes should be identified and development discouraged by providing lower densities within these areas.
6. Multiple points of ingress/egress should be considered for large developments
7. Development should be avoided in avalanche zones.

Staff: The subject lot are not located within a mapped floodway or flood hazard zone. The lot does contain mapped slopes of 0- \geq 30% grade, however according to the Avalanche Hazards map found in the Hazardous Component (p.7) this area is low avalanche danger. Furthermore, the properties are afforded emergency services from Northside Fire District and Bonner County Sheriff's Department.

Public Services, Facilities & Utilities

Policies:

1. Encourage high-density development to take place within the boundaries of existing sewer and water areas.
2. Bonner County should seek comment from existing service providers on their ability to serve future developments without adversely impacting the ability of the utility providers to serve current users.
3. Bonner County should provide adequate facilities for responsible disposal of solid waste to protect the health and welfare of the public as well as the County's natural resources.

Staff: This proposal is not for high density development and is not within a water or sewer district taxing district. Kootenai Ponderay Sewer District commented that this proposal is not within the service area. Furthermore, the property is afforded emergency services provided by Bonner County EMS, Bonner County Sheriff's Department, and Northside Fire District; Northside Fire District provided a comment that the proposal will have to follow current fire apparatus access and is incapable of providing fire protection as they lack adequate resources.

Transportation

Policies:

1. A long-term transportation system plan should be developed and regularly updated to ensure reasonable levels of service can be maintained in the future, and that needs for future road extensions or transportation corridors are identified as early as possible.
2. Development in areas that are not served by county standard roads or where transportation is inadequate should be discouraged.
3. Bike and pedestrian trails should be considered in development proposals to connect the communities with existing and planned bike and walking paths wherever possible.

Staff: The applicant's property is accessed by a Bonner County owned and maintained road, Old Highway. In addition, the property is adjacent to Idaho State Highway 200, a paved owned and maintain state right-of-way. Currently, Bonner County does not have an adopted trails plan.

Recreation

Policies:

1. Bonner County is encouraged to develop a waterways and park access program to preserve and develop access to public recreational lands and waterways. The program should include retaining access parcels that may be acquired from tax sales or private donations.
2. A plan for a system of green belts and pathways (bike and pedestrian) should be considered as areas develop, so that a connected system can be developed and preserved.
3. Under no circumstances, will Bonner County require access easements on private property as a condition of development. This policy does not preclude providing voluntary incentives to developers in return for access easements.

Staff: The lot is not adjacent to public lands or provides access to public lands. Current recreational opportunities for the general public that are available in Bonner County are anticipated to remain the same with this map amendment. The proposal does not appear to be in conflict with the policies of this component.

Special Areas or Sites

Policies:

1. A generalized map of the known pre-historic and historic sites should be developed so that future developments are aware of special areas of concern and are connected with the historical society and Native American tribes for appropriate preservation and protection.
2. Bonner County should implement road side development standards for recognized scenic byways to protect the view sheds.

3. Special areas should be recognized and addressed when development is proposed in these areas.

Staff: There are protected scenic byways in Bonner County. Bonner County Historical Society did not identify any prehistoric sites or historic sites on this lot. Bonner County has not adopted a map that identifies any historic or pre-historic sites.

Housing

Policies:

1. Encourage development of a variety of housing options including mobile home parks, tiny home communities and recreational vehicle parks located in areas that are compatible with their density.
2. Work with municipalities and private parties to find solutions for all types of housing projects and developments.
3. Clustering of housing in developments to save on infrastructure and transportation costs should be encouraged through mechanisms such as density bonuses.
4. Bonner County recognizes opportunities should be made for assisted living and group shelters.
5. Enable workforce housing in direct proximity to agricultural, commercial and industrial uses

Staff: The land use designation of Rural Residential envisions properties in this designation to be small-scale agricultural uses and residential development. Ag/ Forest Land designation envisions residential development to be challenging due to slope, poor soil conditions, hazard areas and lack of police or fire services.

Community Design

Policies:

1. To promote and preserve the natural features and rural atmosphere of the community, the county should enact development standards that address development within scenic byways and design standards that account for waterfront setbacks, wildlife corridors, commercial and industrial landscaping, requirements for reduced lighting, cluster development, rural rather than urban setback standards and other design objectives aimed at preserving the rural, natural character of the community.
2. Allow unique and flexible design standards such that new development within older neighborhoods and historic settlements is compatible with those unique neighborhoods.
3. Allow particularized design standards to address waterfront and mountaintop developments which may differ from standard design objectives.

Staff: Rural Residential designation encourages development. Reclassifying the property may result in increased development, the general area of this proposal is land use

designations of Ag/Forest Land, Rural Residential, Resort Community and Transition. The request does not appear to be in conflict with these policies.

Agriculture:

Policies:

1. Residential uses should continue being permitted in Agricultural zoning districts.
2. Protect agricultural uses and activities from land use conflicts or interference created by residential, commercial or industrial development
3. Land use regulations should support home occupations, cottage industries and farm-based family businesses on agricultural parcels. Examples include farm stands and other agri-business pursuits.
4. Bonner County acknowledges the provisions of Idaho State's Right to Farm Act. Those shall be considered in the land use decisions.

Staff: These policies appear to be unaffected with the current and proposed land use designation. Agricultural pursuits are allowed in both designations, and small-scale agricultural uses are encouraged. This proposal does not appear to be in conflict with these policies. The property is platted for residential use.

BCRC 12-320.1: Zoning Districts and Map Designation, Purpose:

The purpose statements for each zone and map designation set forth in the following sections shall be used to guide the application of the zones and designations to all lands in unincorporated Bonner County. The purpose statements also shall guide interpretation and application of land use regulations within the zones and designations, and any changes to the range of permitted uses within each zone through amendments to this title.

BCRC 12-320.2: Zoning Districts and Map Designations Established:

In accordance with the provisions of Idaho Code and the objectives set forth in this code, all land in the unincorporated areas of Bonner County is hereby classified according to the following zoning designations and zoning map symbols, which shall be applied as shown on the official zoning district map.

Existing Zoning:

12-322: AGRICULTURAL/FORESTRY DISTRICT:

- A. The agricultural/forestry district is established to provide for agricultural and forestry pursuits, including livestock production, forestry, horticulture, floriculture, viticulture, and necessary accessory uses for treating, storing and processing agricultural products. The purpose of the A/F district is to preserve, protect and maintain areas that are rural in character and the integrity of the forest/woodland areas where viable agricultural pursuits can be feasible and to avoid fragmentation of forests and farms. These purposes are accomplished by:

1. Establishing residential density limits and conservation development standards to retain areas sized for efficient farming.

2. Allowing for uses related to agricultural production and limiting non-agricultural uses to those compatible with agriculture, or requiring close proximity for the support of agriculture.

B. Use of this zone is appropriate in areas designated by the comprehensive plan as follows:

1. A/F-20 in all areas designated as prime ag/forest land in the comprehensive plan. The A/F-20 zone is also appropriate in areas designated ag/forest land in the comprehensive plan that also feature:

a. Prime agricultural soils.

b. Are characterized by agricultural or forestry uses.

c. Areas where one or more of the following apply: limited services; characterized by slopes steeper than thirty percent (30%); where access may be absent or limited to substandard road systems or where large tracts of land may be devoted to ag/forest production.

2. A/F-10 in areas designated as ag/forest land in the comprehensive plan that do not feature prime agricultural soils, but where agricultural and forestry pursuits remain viable. These areas may be within or adjacent to areas of city impact or where lands are afforded fire protection, access to standard roads and other services.

Proposed Zoning:

BCRC 12-323: RURAL DISTRICT:

A. The rural district is established to allow low density residential uses that are compatible with rural pursuits. The purpose can be accomplished by:

1. Limiting residential densities and permitted uses to those that are compatible with rural character and nearby resource production districts and sites and can be adequately supported by rural service levels.
2. Allowing small scale farming and forestry activities, and tourism and recreation uses that can be supported by rural service levels and are compatible with rural character.
3. Encouraging conservation development configurations that create permanent open space or farming areas, protect sensitive environmental features, reduce infrastructure costs and/or enhance recreational opportunities.

B. Use of this zone is appropriate in areas designated by the comprehensive plan as follows:

2. R-5 in areas designated rural residential in the comprehensive plan that are already developed at or near the one dwelling unit per five (5) acre density and/or do not meet the criteria for R-10 above.

Current zoning and proposed zoning of the A/F-10 and Rural-5 for the parcels.

|---|---|

Soil:

Pend Oreille-Rock outcrop complex, 5 to 45 percent slopes has a classification of Not-Prime Farmland. The Natural Resources Component Section 3.4, Not-Prime Farmland, states "All other soil types not classified as Prime Farmland or Farmland of Statewide Importance are classified as Not-Prime Farmland." According to the USDA, this soil type is typical for use and vegetation is for grazing and timber production.

Agricultural and forestry pursuits/ Small-scale farming and forestry activities:

Both the current and proposed zoning districts encourage agricultural/ forestry activities. These permitted uses are listed in BCRC 12-300 Subchapter 3.3 in the use tables. According to the Bonner County Assessor's records this lot does not have an agricultural/forestry exemption.

Within or adjacent to Area of City Impact:

This proposal is not within or adjacent to an area of city impact. The nearest area of city impact is the City of Kootenai's, which is ±3 miles away from the subject property.

Slopes:

This lot contains mapped slopes of 0- \geq 30% slopes.

Approximately:

- 4.27 acres of the mapped slopes is 0-15%
- 2.45 acres of the mapped slopes is 15-30%
- 2 acres of the mapped slopes is \geq 30%

Served by a network of hard surface roads:

The proposal is adjacent to Highway 200, a State of Idaho owned and maintained paved right-of-way. Access to the lot is Old Highway, a Bonner County owned and maintained magnesium chloride treated gravel right-of-way. Both rights-of-way exceed the Title 2 standards for private roads.

Floodway:

The lot is within Special Flood Hazard Area Zone X, per FIRM panel number 16017C0735E, effective date 11.18.2009. This zone is not within the mapped floodplain or floodway.

Public Services:

This lot is within the boundaries of the following taxing districts that provide public services: the Bonner County Sheriff's office, Northside Fire District, Avista Utilities, Lake Pend Orielle School District #84. This proposal is not within a water & sewer taxing district. Northside Fire District stated in an August 4th, 2025, agency comment that the district is incapable of providing service due to lack of adequate resources.

Comprehensive Plan designation and developed at or near on dwelling unit per five (5) acres and/or do not meet the criteria for Rural-10:

The applicant has requested a comprehensive plan map amendment from Ag/ Forest Land to Rural Residential. At the time that the staff report was prepared, that request has not been decided. The lot is currently designated as Ag/ Forest Land. Properties within a quarter mile of the proposal there is currently ±12 lots or parcels that are 5 acres or less and ±11 parcels that are above 5 acres.

Planner's Initials: DB

Date: October 1, 2025

Note: The final decision rests with the governing body after the completion of the public hearing and consideration of all relevant oral and written testimony and evidence.

Zoning Commission voted unanimously to recommend denial of this request on August 21, 2025, at the Zoning Commission hearing.

Zone Change - Motion by the Governing Body:

BOARD OF COUNTY COMMISSIONERS

MOTION TO APPROVE: I move to approve this project, FILE ZC0008-25, requesting a zone change from Agricultural/Forestry-10 to Rural-5 10.72 acres, generally located in Section 3, Township 57 North, Range 1 West, Boise Meridian, Bonner County, Idaho, finding that it is not in conflict with policies of the Bonner County Comprehensive Plan and Bonner County Revised Code as enumerated in the following conclusions of law,

Conclusion 1

The proposal **is not** in conflict with the policies of the Bonner County Comprehensive Plan.

Conclusion 2

This proposal was reviewed for compliance with Title 12, Bonner County Revised Code, and **is** found to be in compliance.

Conclusion 3

The proposal **is** in accord with the purpose of the Rural 5 zoning designation, provided at Chapter 3, Title 12, Bonner County Revised Code.

This is based upon the evidence submitted up to the time the Staff Report was prepared and testimony received at this hearing. I further move to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and conclusions of law and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property.

BOARD OF COUNTY COMMISSIONERS

MOTION TO DENY: I move to deny this project, FILE ZC0008-25, requesting a zone change from Agricultural/Forestry-10 to Rural-5, on approximately 10.72 acres, generally located in Section 3, Township 57 North, Range 1 West, Boise Meridian, Bonner County, Idaho, based upon the following conclusions:

Conclusion 1

The proposal **is/is not** in conflict with the policies of the Bonner County Comprehensive Plan.

Conclusion 2

This proposal was reviewed for compliance with Title 12, Bonner County Revised Code, and **is/is not** found to be in compliance.

Conclusion 3

The proposal **is/ is not** in accord with the purpose of the Rural 5 zoning designation, provided at Chapter 3, Title 12, Bonner County Revised Code.

This decision is based upon the evidence submitted up to the time the Staff Report was prepared, and testimony received at this hearing. I further move to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and conclusions of law and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property. The action that could be taken, if any, to obtain the zone change is to:

1. File a new application with the Planning Department and meet the standards required by Bonner County Revised Code; or
2. Pursue such remedies as may be applicable at Title 67, Chapter 65, Idaho Code.

The complete file is available for review in the Planning Department, 1500 Highway 2, Suite #208, Sandpoint, ID. Staff reports are available online prior to the scheduled hearing at www.bonnercountyid.gov. Bonner County Revised Code (BCRC) is available at the Planning Department or online.

This site does not contain any special areas or sites as identified in the State Historic Preservation Office's Idaho Cultural Resource Information System (ICRIS). The application states, "DEVELOPMENT AND BUILDING ARE IDEAL ALONG HIGHWAY CORRIDORS SO THAT THE MORE RURAL AND FARMING AREAS WILL REMAIN THAT WAY. THIS ZONE CHANGE WILL ALLOW FOR DEVELOPMENT IN APPROPRIATE AREAS." However, there are several historic sites within a 2-mile radius of this site, as listed on ICRIS. Therefore, we urge caution in rezoning this parcel, in light of the action's likelihood to create precedent for rezoning or subdividing surrounding properties, which may put these nearby historic sites and structures at risk.

Thank you,
Hannah Combs

REF: ZC0008-25

TO: Dylan Young, Bonner County Planning Department Hearing Officer

Good morning,

The proposed Application specifies that water is served by "TYPICAL DRILLED WELL", which indicates potential for a private well per subsequent parcel or shared private well

The proposed Application specifies that currently there is a cased ground water well located on the property proposed in the zone change. The Application designates subsequent properties shall "rely on individual wells..." for their water services.

Idaho Department of Water Resources (IDWR) – Northern Regional Office **doesn't have any conditions of approval requirements for the proposed project** but offer the following information as education for the property owners:

- If current or future water use from an existing ground water well exceeds water uses authorized in Idaho Code §42-111 following project completion, a new Application for Permit is required, and the property owner(s) need to contact IDWR to discuss water right requirements.
- Future ground water well construction shall comply with Idaho Code §42-235 and IDAPA 37.03.09 – Well Construction Standards Rules.
- Future appropriation(s) from ground water well(s) which do not comply with Idaho Code §42-111 shall require an approved Water Right Permit prior to diversion from respective groundwater well source(s). IDWR encourages the property owner(s) to contact the IDWR Northern Regional Office to discuss water right requirements.

Thank you for the opportunity to comment,

After review of application ZC0008-25, IDWR does not have any comments on the proposed zoning change. The parcel number listed on the application appears to have water rights under WR#96-10335. Additional water uses developed on the property may be subject to additional water rights requirements. The applicant may contact the IDWR Northern Regional Office by phone at 208-762-2800 or by email at northerninfo@idwr.idaho.gov.

Thank you for the opportunity to comment.

The Idaho Transportation Department (ITD) is neutral on the proposed zoning change from AF10 to R5. The subject parcel RP034180000020A owned by Stewardship Land Management LLC, was granted a single-family residential approach (ITD Permit 1-24-293-A) on to SH-200 to Kenneth & Linda Green to serve the adjacent Parcel RP034180000010A that was previously owned by the Stewardship Land Management LLC. Parcel RP034180000020A has current reasonable access to the parcel on Old Highway Rd and ITD will not grant any additional access on to SH-200.

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this **9th** day of **September 2025**.

Dylan Young

Dylan Young, Hearing Coordinator

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, September 9, 2025**.

NOTICE IS HEREBY GIVEN that the above mentioned file has been rescheduled and the Bonner County Commissioners will hold public hearing at **1:30 pm on Wednesday, October 8, 2025** in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following request:

File ZC0008-25 – Zone Change – Agricultural/Forestry-10 to Rural 5

The applicant is requesting a zone change from Agricultural/Forestry-10 to Rural-5. The 10.72-acre property is zoned A/F-10. The project site is located off Highway 200 and Old Highway in Section 3, Township 57 North, Range 1 West, Boise-Meridian. The project site is located within the Northside Fire District service area. The Zoning Commission, at the August 21, 2025 public hearing, recommended denial of this project to the Board of County Commissioners.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

Any future development will have to follow the current codes regarding fire apparatus access. At this time Northside Fire is following the State of Idaho Fire Marshal's adopted codes, International Fire Code 2018 edition and IDAPA 18.08.01.

RE: File ZC0008-25 – Zone Change – Agricultural/Forestry-10 to Rural 5

Bonner County Planning Department,

Panhandle Health District (PHD) does not have an opinion on the proposed Zone Change, however, PHD would like to clarify some items that could potentially be an issue if/when the 10 acre parcel is split.

The applicant is proposing using the existing drainfield easement, however, the easement is for the benefit of Lot 1 of Selle Valley Meadows, *not* for an additional or existing Lot 2(subject parcel). PHD recommends that if the proposed Zone Change is approved, and prior to any land split, that a Subdivision/Land Development application be submitted and field work completed to ensure that all lots have legal access to subsurface sewage disposal and that the existing easement remain for Lot 1.

Please contact PHD with any questions or concerns regarding the proposed Zone Change or any future Subdivision if the applicant proceeds with splitting the lot.

RE: File ZC0008-25 - Zone Change

To Whom it May Concern:

Regarding the application and request to change zoning from Ag/Forestry 10 to Rural 5, the Northside Fire District is **opposed**. Insufficient fire protection and lack of water for firefighting efforts continue to be an unmitigated issue in Bonner County. Furthermore, it is my duty as Fire Chief to inform you and the public that the Northside Fire District does not have adequate resources to protect the development and/or absorb the impacts of continued growth.

Respectfully,

Jeff Armstrong, Fire Chief

From: Zoning Commission

To: Bonner County Commission

Subject: File ZC0008-25 – Zone Change

The Zoning Commission, at the August 21, 2025, public hearing, recommended denial of the referenced application.

MOTION TO RECOMMEND DENIAL: Commissioner Burkamp moved to recommend denial of this project to the Board of County Commissioners, FILE ZC0008-25, requesting a zone change from Agricultural/ Forestry-10 to Rural-5, based upon the following conclusions:

Conclusion 1

The proposal **is not** in accord with the elements of the Bonner County Comprehensive Plan.

Conclusion 2

This proposal was reviewed for compliance with Title 12, Bonner County Revised Code, and **is not** found to be in compliance.

Conclusion 3

The proposal **is not** in accord with the purpose of the Rural Residential zoning designation, provided at Chapter 3, Title 12, Bonner County Revised Code.

This recommendation is based upon the evidence submitted up to the time the Staff Report was prepared, and testimony received at this hearing. Commissioner Burkamp further moved to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property.

Commissioner Clark seconded the motion.

Voted upon and the Chair declared the Motion passed, unanimously.

Jacob Marble, Chair
Bonner County Zoning Commission

REASONED STATEMENT

ZONE CHANGE

RURAL 5 TO SUBURBAN

Commented [AF1]: This is for the wrong ZC

IDAHO CODE §67-6535 (2): THE APPROVAL OR DENIAL OF ANY APPLICATION REQUIRED OR AUTHORIZED PURSUANT TO THIS CHAPTER SHALL BE IN WRITING AND ACCOMPANIED BY A REASONED STATEMENT THAT EXPLAINS THE CRITERIA AND STANDARDS CONSIDERED RELEVANT, STATES THE RELEVANT CONTESTED FACTS RELIED UPON, AND EXPLAINS THE RATIONALE FOR THE DECISION BASED ON THE APPLICABLE PROVISIONS OF THE COMPREHENSIVE PLAN, RELEVANT ORDINANCE AND STATUTORY PROVISIONS, PERTINENT CONSTITUTIONAL PRINCIPLES AND FACTUAL INFORMATION CONTAINED IN THE RECORD.

STANDARDS FOR ZONE CHANGE REVIEW:

PRIOR TO RENDERING A DECISION ON A ZONE CHANGE, THE GOVERNING BODY SHALL REVIEW THE PARTICULAR FACTS AND CIRCUMSTANCES OF EACH PROPOSED ZONE CHANGE IN TERMS OF THE FOLLOWING STANDARDS AND SHALL FIND ADEQUATE EVIDENCE SHOWING THAT SUCH USE AT THE PROPOSED LOCATION WILL:

IC §67-6511 THE GOVERNING BOARD SHALL ANALYZE PROPOSED CHANGES TO ZONING ORDINANCES TO ENSURE THAT THEY ARE NOT IN CONFLICT WITH THE POLICIES OF THE ADOPTED COMPREHENSIVE PLAN. IF THE REQUEST IS FOUND BY THE GOVERNING BOARD TO BE IN CONFLICT WITH THE ADOPTED PLAN, OR WOULD RESULT IN DEMONSTRABLE ADVERSE IMPACTS UPON THE DELIVERY OF SERVICES BY ANY POLITICAL SUBDIVISION PROVIDING PUBLIC SERVICES, INCLUDING SCHOOL DISTRICTS, WITHIN THE PLANNING JURISDICTION, THE GOVERNING BOARD MAY REQUIRE THE REQUEST TO BE SUBMITTED TO THE PLANNING OR PLANNING AND ZONING COMMISSION OR, IN ABSENCE OF A COMMISSION, THE GOVERNING BOARD MAY CONSIDER AN AMENDMENT TO THE COMPREHENSIVE PLAN PURSUANT TO THE NOTICE AND HEARING PROCEDURES PROVIDED IN SECTION 67-6509, IDAHO CODE. AFTER THE PLAN HAS BEEN AMENDED, THE ZONING ORDINANCE MAY THEN BE CONSIDERED FOR AMENDMENT PURSUANT TO PARAGRAPH (B) OF THIS SUBSECTION.
