

**BONNER COUNTY PLANNING DEPARTMENT
BOARD OF COUNTY COMMISSIONERS
STAFF REPORT FOR MAY 21, 2026**

Project Name: **SixPak LLC, Zone Change**

File Number, Type: **ZC0012-25: Zone Change**

Request: The applicant is requesting to change current zoning from Suburban to Commercial

Legal Description: 30-56N-3W Lot 1 of Lou's Sixpak

Location: North Riley Creek Road, Laclede

Parcel Number(s): RP061530000010A

Parcel Size: 7.175 acres

Applicant: Sixpak LLC
324 N. 2nd Ave Suite D
Sandpoint, ID 83864

Project Representative: Travis Haller
7B Engineering Inc.
404 Church Street Suite #203
Sandpoint, ID 83864

Application filed: August 18, 2025

Notice provided: Mail: April 14, 2026
Site Posting: April 14, 2026
Published in newspaper: April 14, 2026

Appendices: Appendix A- Agency Noticing
Appendix B- Agency Comment
Appendix C- Zoning Commission Recommendation

Project summary:

The applicant is requesting a zone change from Suburban to Commercial for the purpose of building a storage facility. The lot is located off North Riley Creek Road and is ± 7.175 acres. The comprehensive plan land use designation is Transition. The lot is generally located in Section 30, Township 56 North, Range 3 West, Boise Meridian, Bonner County, Idaho.

Applicable Laws:

The following sections of BCRC, Title 12, apply to this project:

- BCRC 12-111: Purpose et seq, health, safety, and general welfare
- BCRC 12-210 et seq, - Title Amendments, Comprehensive Plan Amendments and Zone Changes
- BCRC 12-320.1 – Zoning districts and map designation, purpose
- BCRC 12-320.2 – Zoning districts and map designations established
- BCRC 12-324 – Suburban District
- BCRC 12-325 – Commercial District
- BCRC 12-901- Conditional Zoning Development Agreements
- BCRC 12-800 et seq., Definitions

Background:

A. Site data:

- Use: Vacant
- Platted
- Size: 7.175 acres
- Zone: Suburban
- Land Use: Transition

B. Access:

- Access is N. Riley Creek Road, a Bonner County owned and maintained paved right of way.

C. Environmental factors:

- Site does contain mapped slopes of 0-≥30% grade. (USGS)
- Site does not contain mapped wetlands. (USFWS)
- Site does not contain any mapped waterfront or streams. (NHD)
- Soil:
 - Description: Mission Silt Loam, 0 to 2 percent
 - Drainage: Somewhat poorly drained
 - Classification: Prime farmland if drained

D. Services:

- Water: Laclede Water District
- Sewage: Individual septic system
- Fire: Westside Fire District
- Power: Avista Utilities
- School District: West Bonner County School District #83

E. Comprehensive Plan, Zoning and Current Land Use

Compass	Comp Plan	Zoning	Current Land Use & Density
Site	Transition	Suburban	Vacant- 7.175 acres
North	Transition	Suburban	Residential- 1 acre Vacant- 27.92
East	Transition	Suburban	Residential- 2.5 acres
South	Transition	Rural Service Center	Mixed Uses- 0.5 to 1.34 acres
West	Transition	Suburban	Vacant- 62.64 acres

F. Agency Review:

Agencies and taxing districts were notified of this application on April 14, 2026. A full list of the public agencies can be found in the attached Appendix A; Agency comments can be found in the attached Appendix B.

The following agencies provided comment:

- Idaho Department of Water Resources
- Idaho Transportation Department
- Northern Lights Inc.
- Panhandle Health District
- Selkirk Fire District

The following agencies replied "No Comment":

- Kootenai Ponderay Sewer District
- Idaho Department of Environmental Quality
- Idaho Department of Fish & Game
- TC Energy

All other agencies did not reply.

G. Public Notice & Comments

As of the date of this staff report, no public comments were received on this request.

Standards Review and Staff Analysis:

- **12-111: PURPOSE**

The zoning regulations and districts for the unincorporated areas of Bonner County, as herein established, have been made in accordance with a comprehensive plan and Idaho Code for the purpose of promoting the health, safety and general welfare of the people of Bonner County.

- **12-215: Applications for Zone Changes and Comprehensive Plan Map Amendments, Contents**

- The application was considered complete by Planning Staff and agencies were notified accordingly.

- **12-216: Evaluation of Amendment Proposals**

- Staff and the Governing Bodies shall review the particular facts and circumstances of each proposal submitted and shall determine whether there is adequate evidence that the proposal is not in conflict with the policies of the comprehensive plan, as found in the adopted Implementation Component.

- **12-821: Urban Services:** Publicly or privately maintained water supply and distribution systems; sewage collection, treatment and disposal systems (not to include individual septic tanks and drainfield systems or community septic tanks and drainfield systems, unless subject to an approved sewer management agreement); electric power and telephone utilities; and hard surfaced roads constructed to the standards set forth in title 2 of this code.

Existing Comprehensive Plan Designation:

Transition:

The Transition classification is reserved for those areas of the County where a mixture of land uses can occur which may include higher density residential uses, commercial, industrial and light industrial uses. Due to the intensity of land use, these areas require primary transportation routes, urbanlike water and sewer services, fire and police services.

Comprehensive Plan Analysis:

Property Rights

Policies:

1. Bonner County should follow the attorney general's checklist, proscribed at Idaho Code §67-8003 and provided in the "Property Rights" component of the county's comprehensive plan, for all land use decisions.
2. For all land use decisions, findings of fact and conclusions of law should be adopted that reflect the justifications for exactions, conditions and restrictions and should confirm that a taking of private property has not occurred.
3. The property rights of the applicant, adjoining and nearby landowners and future generations should be considered, as well as the short-term and long-term consequences of decisions.
4. Bonner County should review all rezoning requests (down-zoning and up-zoning) pursuant to the Idaho State Code, Title 67, Chapter 65 – Local Land Use Planning Act. The approval of conditional rezoning or denial of a request for rezoning may be subject to the regulatory taking analysis provided for by Idaho Code Section 67-8003.

Staff: Upholding property rights and complying with Idaho state law the above policies allows the governing body to make informed, fair, and legally sound land use decisions that protect property rights.

Population

Policies:

1. Population projections should be analyzed regularly to determine if changes need to be made to the Comprehensive Plan goals, objectives and policies and/or the Zoning Ordinance to ensure that the public and community needs are being met through land use decisions.
2. Population forecasts and census data should be used to evaluate housing and school needs, and impacts to the transportation system and other county services.
3. Bonner County should cooperate with its incorporated cities and neighboring counties to address growth challenges within the ACI areas and coordinate planning efforts whenever possible.

Staff: The 2020 census placed Bonner County's population at 47,110. Bonner County, established in 1907, now has over 100 years of population data. The county grew by fewer than 2,000 people over the first 60 years of its existence. Between 1990 and 2000, Bonner County increased in population by 38.4 percent, but by the 2010 census, the growth slowed to an 11 percent increase over 10 years. From 2010 to 2020 the population grew by 13 percent and the estimated increase from 2020 to 2021 was 3.4 percent or 49,491.

School Facilities & Transportation

Policies:

1. Current data regarding school capacity and transportation issues as provided by the School Districts will be included in the assessment of all land use proposals.
2. Bonner County should examine the impacts of land use proposals to the school system and should seek mitigation from developers such as providing facilities, safety features, fees or other measures as permitted by Idaho Code, to address the impact of the proposals.

Staff: West Bonner County School District #83 and West Bonner School Transportation that serves the property, were notified of the proposed zone change. The school district did not comment as to how an increase in density and development could impact on the district's ability to provide adequate school services (and facilities) for new and existing students. The School Transportation department did not provide a comment. Bonner County currently assesses property taxes; a portion of those revenues goes to the school's general fund.

Economic Development

Policies:

1. Small scale cottage businesses and home occupations should be allowed in all areas of the county. Reasonable conditions on such uses should be set to minimize adverse impacts to the neighborhood based on factors including, but not limited to, hours of operation and traffic volume generated by the business.
2. Develop land use regulations to allow Bonner County's agricultural heritage to be maintained by enabling local food production, distribution, congregation, and retail sales. Examples include community gardens, school gardens, farm related education programs, farmers or public markets, and other small-scale, collaborative initiatives.
3. Develop standards for commercial and industrial development that are appropriate for the surrounding community, including: appropriate site sizes, use types, buffering and design standards that encourage both attractive and efficient function, while protecting the environment.
4. Review and update land use regulations for employee housing to support the goal of enabling this use in proximity to commercial, industrial and agricultural uses.

Staff: Bonner County's land use regulations provide a comprehensive framework that supports small-scale businesses, preserves agricultural heritage, promotes sustainable development, and facilitates the integration of employee housing with commercial, industrial, and agricultural uses. The county's approach balances the needs of diverse land

uses while addressing potential impacts on the community and environment, fostering a vibrant and sustainable future for its residents. Though not part of this proposal, if the zone change is approved the applicant has indicated that the property would be used for storage facilities.

Land Use

Policies:

1. Commercial and industrial uses, in areas identified in the Comprehensive plan suitable for such development, should be unconditionally permitted. Evaluation of suitability should be based on availability of urban services, adequate access to hard surfaced publicly maintained roads and other factors that may impact the surrounding community.
2. Commercial and industrial uses may be conditionally permitted in areas not identified for such uses in the Comprehensive Plan if a critical review of the proposed use determines that with appropriate conditions the use will not adversely impact the surrounding area.

Staff: Commercial zoning will allow for use that are both conditionally allowed and permitted by right in the zoning code. The property is within Laclede Water District. The property is adjacent to North Riley Creek Road, a Bonner County owned and maintained paved right-of-way.

Natural Resources

Policies:

1. Watershed standards should be employed in land use codes to protect water quality. 2. Best management practices for waterway setbacks should be instituted to reduce erosion and sedimentation into waterways.
3. Development standards should be designed to encourage clustered development resulting in the preservation of open space and wildlife habitat.
4. Bonner County should recognize its critical wildlife habitat and create development standards to protect these areas and mitigate development impacts to these habitats. 5. Protect water quality by creating standards for development in close proximity to shorelines.
5. Productive farmland, timberland and mining lands should be identified and protected from adverse effects of adjoining developments.

Staff: Bonner County has adopted and implemented regulations that protect waterways from pollution, erosion and sedimentation. These measures help to protect the Bull Trout, the only mapped critical wildlife in Bonner County. The proposal is approximately one (1) mile away from the mapped Bull Trout habitat. Furthermore, no regulatory agency identified any wildlife habitat on this proposal.

Hazardous Areas

Policies:

1. Flood mitigation standards should be adopted that meet or exceed the National Flood Insurance Program minimum requirements.
2. Residential, commercial or industrial development within the floodway should be discouraged.
3. Fill within the floodplain should be discouraged.
4. The county's wildland fire, urban/wildland interface policies and plans should be integrated into development standards.
5. Excessive slopes should be identified and development discouraged by providing lower densities within these areas.
6. Multiple points of ingress/egress should be considered for large developments
7. Development should be avoided in avalanche zones.

Staff: The subject parcel is not located within a mapped floodway or flood hazard zone. The lot does contain mapped slopes; however, those slopes are from trees on the property. According to the Avalanche Hazards map found in the Hazardous Component (p.7) this area is low avalanche danger. Furthermore, the property is in the jurisdiction of West Side Fire District and the Bonner County Sheriff's Department.

Public Services, Facilities & Utilities

Policies:

1. Encourage high-density development to take place within the boundaries of existing sewer and water areas.
2. Bonner County should seek comment from existing service providers on their ability to serve future developments without adversely impacting the ability of the utility providers to serve current users.
3. Bonner County should provide adequate facilities for responsible disposal of solid waste to protect the health and welfare of the public as well as the County's natural resources.

Staff: This proposal is not for high density residential development. The proposed use for the property is a storage facility. The parcel is within the Laclede Water District; however, it is not within a sewer district. The parcel is adjacent to a Bonner County operated solid waste facility.

Transportation

Policies:

1. A long-term transportation system plan should be developed and regularly updated to ensure reasonable levels of service can be maintained in the future, and that needs for future road extensions or transportation corridors are identified as early as possible.
2. Development in areas that are not served by county standard roads or where transportation is inadequate should be discouraged.
3. Bike and pedestrian trails should be considered in development proposals to connect the communities with existing and planned bike and walking paths wherever possible.

Staff: The property is accessed by a Bonner County owned and maintained paved right of way, N. Riley Creek Road. In addition, the property is ±600 feet from Idaho State Highway 2, a paved owned and maintain state right-of-way. Currently, Bonner County does not have an adopted trails plan.

Recreation

Policies:

1. Bonner County is encouraged to develop a waterways and park access program to preserve and develop access to public recreational lands and waterways. The program should include retaining access parcels that may be acquired from tax sales or private donations.
2. A plan for a system of green belts and pathways (bike and pedestrian) should be considered as areas develop, so that a connected system can be developed and preserved.
3. Under no circumstances, will Bonner County require access easements on private property as a condition of development. This policy does not preclude providing voluntary incentives to developers in return for access easements.

Staff: The parcel is not adjacent to public lands or provides access to public lands. Current recreational opportunities for the public that are available in Bonner County are anticipated to remain the same with this zone change.

Special Areas or Sites

Policies:

1. A generalized map of the known pre-historic and historic sites should be developed so that future developments are aware of special areas of concern and are connected with the historical society and Native American tribes for appropriate preservation and protection.
2. Bonner County should implement road side development standards for recognized scenic byways to protect the view sheds.

3. Special areas should be recognized and addressed when development is proposed in these areas.

Staff: Bonner County Historical Society did not identify any prehistoric sites or historic sites on this lot furthermore the county has not adopted a map for these sites. The state has designated scenic byways in Bonner County.

Housing

Policies:

1. Encourage development of a variety of housing options including mobile home parks, tiny home communities and recreational vehicle parks located in areas that are compatible with their density.
2. Work with municipalities and private parties to find solutions for all types of housing projects and developments.
3. Clustering of housing in developments to save on infrastructure and transportation costs should be encouraged through mechanisms such as density bonuses.
4. Bonner County recognizes opportunities should be made for assisted living and group shelters.
5. Enable workforce housing in direct proximity to agricultural, commercial and industrial uses

Staff: The Transition Land Use Designation envisions these areas to have a mixture of land uses like higher density residential uses, commercial, industrial and light industrial. The proposed use is for storage facilities which are listed in the commercial use table.

Community Design

Policies:

1. To promote and preserve the natural features and rural atmosphere of the community, the county should enact development standards that address development within scenic byways and design standards that account for waterfront setbacks, wildlife corridors, commercial and industrial landscaping, requirements for reduced lighting, cluster development, rural rather than urban setback standards and other design objectives aimed at preserving the rural, natural character of the community.
2. Allow unique and flexible design standards such that new development within older neighborhoods and historic settlements is compatible with those unique neighborhoods.
3. Allow particularized design standards to address waterfront and mountaintop developments which may differ from standard design objectives.

Staff: Both current and proposed zones are appropriate within the Transition designation. The property is not adjacent to a scenic byway; it does not contain waterfront. Bonner County has not adopted any design standards for scenic byways. The county does have

design standards in the zoning code that addresses elements like noise, light, glare. The community of Laclede currently has several light industrial uses currently in operation.

Agriculture:

Policies:

1. Residential uses should continue being permitted in Agricultural zoning districts.
2. Protect agricultural uses and activities from land use conflicts or interference created by residential, commercial or industrial development
3. Land use regulations should support home occupations, cottage industries and farm-based family businesses on agricultural parcels. Examples include farm stands and other agri-business pursuits.
4. Bonner County acknowledges the provisions of Idaho State's Right to Farm Act. Those shall be considered in the land use decisions.

Staff: The comprehensive plan map has this general area classified as Transition. Transition designation does not encourage agricultural activities; however the zoning code permits those activities by right in both the current and proposed zoning, with limitations.

- **12-320.1: Zoning Districts and Map Designation, Purpose:**
 - The purpose statements for each zone and map designation set forth in the following sections shall be used to guide the application of the zones and designations to all lands in unincorporated Bonner County. The purpose statements also shall guide interpretation and application of land use regulations within the zones and designations, and any changes to the range of permitted uses within each zone through amendments to this title.
- **12-320.2: Zoning Districts and Map Designations Established:**
 - In accordance with the provisions of Idaho Code and the objectives set forth in this code, all land in the unincorporated areas of Bonner County is hereby classified according to the following zoning designations and zoning map symbols, which shall be applied as shown on the official zoning district map.

Existing Zoning:

12-324: Suburban District:

A. The suburban district is established to promote the development of residential uses located on the edges of the incorporated cities or other developed communities or areas, where urban sewer and water services are either available or have the potential to become available in the near future by reason of their inclusion in service districts, city service areas, or are adjacent to those areas or areas of city impact. Access to primary transportation routes and a system of hard surfaced roads are expected. The purpose can be accomplished by:

1. Providing for single-family detached dwelling units and other compatible housing forms, with a variety of densities in locations appropriate for urban densities.

2. Allowing only those accessory and complementary nonresidential uses that are compatible with urban residential communities.

3. Establishing density designations to facilitate advanced areawide planning for public facilities and services, and to protect environmentally sensitive sites from over development.

4. Encouraging conservation development configurations that create permanent open space, protect sensitive environmental features, reduce infrastructure costs and/or enhance recreational opportunities.

5. Requiring conservation development configurations in areas where all urban services are not available to provide the opportunity in the future to subdivide the land at urban densities.

B. Use of this zone is appropriate in areas designated by the comprehensive plan as transition, urban growth area, resort community or suburban growth area in the comprehensive plan where a network of hard surfaced roads provides good access to primary transportation routes or potential public transportation systems. Urban services may not be available immediately, but are capable of being extended or constructed in the area.

Proposed Zoning:

BCRC 12-325 Commercial District:

A. The commercial district is established to promote a range of commercial uses to serve the needs of the immediate area, surrounding rural communities and visitors without adversely affecting adjacent residential neighborhoods. The commercial district is also intended to provide opportunities for a variety of affordable housing types that are within walking distance of commercial services. Intensive large scale commercial development is not appropriate due to the limited density of surrounding unincorporated areas. Access to primary transportation routes and a system of hard surfaced roads are expected and consideration is given to the potential public transportation access. These purposes are accomplished by:

1. Providing for a wide range of small to medium scaled retail, professional, governmental and personal service uses.

2. Allowing for mixed use buildings (housing over office or retail) and a range of housing types, including cottage housing, townhouses, apartments and mobile home parks where sufficient services are provided.

3. Allowing for light industrial uses where activities are conducted primarily indoors and impacts to adjacent uses can be mitigated.

4. Excluding commercial uses with extensive outdoor storage.

5. Excluding large scale commercial uses that would be more effectively located in incorporated cities.

6. Applying simple design standards that enhance pedestrian access and improve the character of the area.

B. Use of this zone is appropriate in areas designated as neighborhood commercial, urban growth area or transition by the comprehensive plan and community plans and that are served at the time of development by adequate sewage disposal services, water supply, roads and other needed public facilities and services. Expansion of existing commercial districts or the creation of new commercial districts may be considered only if the expansion will not negatively impact the safety and function of a state highway or other roadway.

STAFF ANALYSIS:

Comprehensive Plan Designation:

The proposal is within the Transition comprehensive plan designation. This designation is appropriate for both the Suburban and Commercial Districts as found in BCRC 12-324 and BCRC 12-325.

Roads:

The Suburban District requires hard surfaced roads providing good access to primary transportation routes. The Commercial District requires roads however the code doesn't mention any general requirements. The Transition designation general transportation criteria envision roads to be hard surfaced, which this proposal is within. The proposal is accessed off North Riley Creek Road which is a Bonner County owned and maintained paved right-of-way. Riley Creek Road is adjacent to Highway 2, which is an Idaho State owned and maintained paved right-of-way.

Urban Services:

The Suburban District states urban services may not be available but are capable of being extended or constructed in the area. The Commercial District is appropriate when at the time of development is served by adequate sewage disposal services, water supply and public facilities and services. The subject lot is within the service boundary of the Laclede Water District. The community of Laclede is not served by a sewage district. This proposal can be served by an individual septic system per the applicant, though a septic permit has not been submitted as part of this request. Other public facilities and services are power served by Northern Lights Inc., public roads owned and maintained by the Bonner County and the State of Idaho, fire protection is Westside Fire District, and solid waste provided by a Bonner County Transfer station.

Range of housing types and densities:

The community of Laclede has a range of housing types and densities. Properties range in size from 0.35 acres to 90 acres. Housing in the community is typically a single-family dwelling and accessory dwelling units. The community has a seasonal campground that operates in the summer months.

Light Industrial Uses/ Non-residential Uses:

Non-residential uses that are in operations in the community are restaurants, convenience store/gas station, a lumber mill, church, RV/campground, boat launches, u-pick berry farms and a Bonner County transfer station.

Excluding commercial uses with extensive outdoor storage:

Storage of materials not in connection with a permitted use is prohibited in all zoning districts per BCRC 12-333 Commercial Use Table.

Excluding large scale commercial uses: that would be more effectively located in incorporated cities:

The applicant is proposing to use the property for a storage facility, this use is permitted in the commercial district per BCRC 12-333. BCRC 12-330, Subchapter 3.3 Use Tables has prohibition to large scales uses in commercial zoning district.

Zone Change Ordinance Motion: Roll Call Vote

I move to approve an Ordinance of Bonner County, Idaho, the number to be assigned, citing its authority, and providing for the amendment of the Official Zoning Map of Bonner County by the classification of lands located in Section 30, Township 56 North, Range 03 West, Boise Meridian, Bonner County, Idaho to Commercial, and providing for an effective date.

BOARD OF COUNTY COMMISSIONERS

MOTION TO DENY: I, Commissioner (*insert name*) move to deny this project, FILE ZC0012-25, requesting a zone change from Suburban to Commercial, based upon the following conclusions:

Conclusion 1

The proposal **is/is not** in conflict with the policies of the Bonner County Comprehensive Plan.

Conclusion 2

This proposal was reviewed for compliance with Title 12, Bonner County Revised Code, and **was/was not** found to be in compliance.

Conclusion 3

The proposal **is/is not** in accord with the purpose of the Commercial zoning district, provided at Chapter 3, Title 12, Bonner County Revised Code.

This decision is based upon the evidence submitted up to the time the Staff Report was prepared, and testimony received at this hearing. I further move to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property. The action that could be taken, if any, to obtain the zone change is to:

1. File a new application with the Planning Department and meet the standards required by Bonner County Revised Code; or
2. Pursue such remedies as may be applicable at Title 67, Chapter 65, Idaho Code.

The complete file is available for review in the Planning Department, 1500 Highway 2, Suite #208, Sandpoint, ID. Staff reports are available online prior to the scheduled hearing at www.bonnercountyid.gov Bonner County Revised Code (BCRC) is available at the Planning Department or online.

Bonner County Planning - File ZC0012-25 Agency Review

Bates, Luke <Luke.Bates@idwr.idaho.gov>

Tue, Sep 23, 2025 at 12:23 PM

To: Bonner County Planning Department <planning@bonnercountyid.gov>, "lou@coyotepak.com" <lou@coyotepak.com>, "travis@7bengineering.com" <travis@7bengineering.com>

REF: ZC0012-25

TO: Dylan Young, Bonner County Planning Department Hearing Coordinator

SixPak LLC C/O Lou Munilla - Applicant

7B Engineering Inc. C/O Travis Haller – Applicant’s Representative

Good morning,

The proposed Application specifies there isn’t a need for water services but if water use needs arise a private ground water well will be designated/constructed for use.

Idaho Department of Water Resources (IDWR) – Northern Regional Office **doesn’t have any conditions of approval requirements for the proposed project** but offer the following information as education for the property owners:

- If water use from the proposed private ground water well exceeds water uses authorized by **Idaho Code §42-111** following project completion, a new Application for Permit is required, and the property owner needs to contact IDWR to discuss water right requirements. Based on application analysis I offer the following additional information regarding **§42-111**:
 - The land division is not within a designated Ground Water Management Area.
 - Any future private ground water well development is not proposed to be a shared well between owners.
 - Domestic Exemption water use authorizes the diversion of water designated by **§42-111(1)(a)(ii)** The use of water for any other purpose, if the total use does not exceed a diversion volume of 2.8-acre-feet per year. This use is typical for light industry/light commercial uses where water usage is minimal and may provide coverage for a variety of uses associated with restrooms, office building, or fire suppression system(s) if applicable.

At this point in time no water right filings are required by nature of the project details provided within ZC0012-25’s Application & Narrative.

Thank you for the opportunity to comment,

Bates, Luke

This parcel has two approaches and neither is permitted for access. Only one would meet standards for spacing according to IDAPA 39.03.42. Applicant needs to apply for a commercial approach here:

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this 20th day of **January 2026**.

Jeannie L Welter
Jeannie Welter, Systems Technician

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, January 20, 2026**.

NOTICE IS HEREBY GIVEN that the Bonner County Zoning Commission will hold a public hearing at **5:30 pm on Thursday, February 26, 2026**, in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following requests:

File ZC0012-25- SixPak LLC - Suburban to Commercial: The applicants are requesting a zone change from Suburban to Commercial on ±7.175 acres. The property is zoned Suburban. The project is located off N. Riley Creek Road in Section 30 Township 56 North, Range 3 West, Boise-Meridian. The project site is within the service areas of Westside Fire District and Laclede Water District. The Zoning Commission, at the public hearing on October 23, 2025, unanimously voted to postpone this file until a full Zoning Commission was appointed.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this **14th** day of **April 2026**.

Jeanie L Welter
Jeanie Welter, Systems Technician

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, April 14, 2026**.

NOTICE IS HEREBY GIVEN that the Bonner County Commissioners will hold a public hearing at **10:00 AM** on **Thursday, May 21, 2026**, in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following request:

File ZC0012-25- SixPak LLC - Suburban to Commercial: Request for a zone change from Suburban to Commercial on ±7.175 acres. The property is zoned Suburban. The project is located off N. Riley Creek Road in Section 30 Township 56 North, Range 3 West, Boise-Meridian. The Zoning Commission, at the public hearing on March 5, 2026, recommended approval of this file.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than May 7, 2026. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

Dylan,

NLI is not opposed to the proposed commercial zone change.

NLI maintains a 3-phase overhead line along the west edge of N Riley Creek Rd and along the southern lot line parallel to those adjacent lots.

This line can be extended to Lot 1 for future commercial (three phase or single phase) services.

Thanks for the opportunity to review and comment--sincerely,

Samuel Ross

RE: File ZC0012-25

To Whom it May Concern:

This letter is intended to provide comments in **opposition** to File ZC0012-25 and the request for a zone change from *suburban* to *commercial* on the ~7.175 acre parcel on N Riley Creek in Laclede.

Selkirk Fire (Westside Fire District) is unable to support the rezoning due to a lack of fire protection resources. Currently, the staffing level of the Westside Fire District is one (1) firefighter per day, with an estimated response time of 14 minutes. Additional response and mutual aid (if available) will have a response time of 18-22 minutes. At any standard, this is woefully inadequate to provide for fire protection of development and permissible occupancies defined under Bonner County Code, 12-325 (Commercial).

Understanding the County may still choose to approve the request, the applicant and County should have realistic expectations of the service provided. The applicant should also understand that any development in the area will be subject to a fire review and the application of the requirements of the 2018 International Fire Code, specifically fire flow and suppression systems.

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this **20th** day of **January 2026**.

Jeannie L. Welter
Jeannie Welter, Systems Technician

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, January 20, 2026**.

NOTICE IS HEREBY GIVEN that the Bonner County Zoning Commission will hold a public hearing at **5:30 pm on Thursday, February 26, 2026**, in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following requests:

File ZC0012-25- SixPak LLC - Suburban to Commercial: The applicants are requesting a zone change from Suburban to Commercial on ±7.175 acres. The property is zoned Suburban. The project is located off N. Riley Creek Road in Section 30 Township 56 North, Range 3 West, Boise-Meridian. The project site is within the service areas of Westside Fire District and Laclede Water District. The Zoning Commission, at the public hearing on October 23, 2025, unanimously voted to postpone this file until a full Zoning Commission was appointed.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

March 24, 2026

From: Zoning Commission

To: Bonner County Commission

Subject: File ZC0012-25 – Zone Change

The Zoning Commission, at the March 5, 2026, public hearing, recommended approval of the referenced application.

MOTION TO RECOMMEND APPROVAL: I commissioner Mauk move to recommend approval of this project to the Board of County Commissioners, FILE ZC0012-25, requesting a zone change from Suburban to Commercial, finding that it is not in conflict with the policies of the Bonner County Comprehensive Plan and Bonner County Revised Code as enumerated in the following conclusions of law:

Conclusion 1

The proposal **is not** in conflict with the elements of the Bonner County Comprehensive Plan.

Conclusion 2

This proposal was reviewed for compliance with Title 12, Bonner County Revised Code, and **is** found to be in compliance.

Conclusion 3

The proposal **is** in accord with the purpose of the Commercial District zoning designation provided at Chapter 3, Title 12, Bonner County Revised Code.

The commission recommends the Board of County Commissioners adopt a development agreement as found in Chapter 9, Title 12 and amend the agreement to state uses allowed on the subject property.

This recommendation is based upon the evidence submitted up to the time the Staff Report was prepared and testimony received at this hearing. I further move to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and conclusions of law and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section

67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property.

Commissioner Pound seconded the motion.

Commissioner Johnson - Abstain
Commissioner Poulsen- Yay
Commissioner Pound- Yay
Commissioner Mauk- Yay

Voted upon and the Chair declared the Motion passed; 3 in favor, 1 abstention.

Jeff Poulsen, Chair
Bonner County Zoning Commission
