MINOR LAND DIVISION ADMINISTRATIVE STAFF REPORT DECISION

FILE #: MLD0030-24 **DATE OF REPORT:** 11/26/2024
APPLICANT: Jacob & Rochelle Wray **PARCEL #:** RP027070000050A
SUBDIVISION NAME/LOTS: Replat of Lot 5, First Addition to River Run Estates

SUMMARY OF PROPOSAL:

Divide one (1) 9.91-acre lot into one (1) 1-acre lot, one (1) 6.78-acre lot, one (1) 1.01-acre lot, and one (1) 1.12-acre lot.

THE APPLICATION IS consistent, subject to conditions, with Bonner County Revised Code as evidenced in the record submitted up to the time the staff report was prepared, with the addition of findings and conditions listed in this staff report, subject to the conclusions required by BCRC.

CONDITIONS OF APPROVAL:

1. A final plat shall be recorded.
2. The preliminary plat of a minor land division shall be valid for a period not to exceed two (2) calendar years from the date of approval. Within two (2) years of the approval of the preliminary plat, the applicant shall submit the final plat to the Planning Director. At any time prior to the expiration date of the preliminary plat, an applicant may make a written request to the Planning Director for an extension of the preliminary plat for a period up to two (2) years. The Planning Director may consider such request for extension. The extension request must be approved or denied prior to the expiration date of the preliminary plat.
3. Per BCRC 12-621 (A) : All proposed lots or parcels which are three hundred feet (300') or less in width shall maintain a depth to width ratio of not greater than three point two to one (3.2:1). Proposed lots 5C and 5D appear to exceed this requirement. The lots must be reconfigured to meet the maximum allowed depth to width ratio of 3.2:1. Alternatively, a depth to width ratio variance, in accordance with BCRC 12-2.3, may be sought.
4. Prior to final plat please submit a "Will Serve" letter showing that the proposed lots will be served by Laclede Water.
5. Per BCRC 12-412, Note 19 & 12-647 (D), sanitary restrictions will need to be lifted by the Panhandle Health District prior to final plat. Additionally, PHD will need to sign the plat to certify the requirements have been met.

The proposed road shall be dedicated to the Public. Alternatively, all lots shall have direct access to and direct frontage on a existing public right-of-way.

7. Per BCRC 12-660 (2.g): Resulting lots shall not be divided by boundary of any city, county, zoning designation, railroad right-of-way, or public right-of-way. It appears the proposed right of way will be dividing Lot 5A. Additionally, the public right of way area shall not be counted toward the acreage of the lots.
