NOTICE OF AGENCY REVIEW

I hereby certify that a true and correct copy of this "Notice of Agency Review" was digitally transmitted or mailed (postage prepaid) on this **28th** day of **August 2025**.

Jenna Brown
Jenna Brown, Administrative Assistant III

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Thursday, August 28, 2025**.

File SS0005-25 – Short Plat – Priest River Pines 1st Addition is requesting to divide one (1) approximate 20-acre parcel into four (4) approximate 4.95-acre lots. The property is zoned Rural 5. The project is located off Daytona Drive in Priest River, generally located in Sections 22, Township 56 North, Range 5 West, Boise-Meridian, Idaho. The project site is within the service area of West Pend Oreille Fire District.

To review this application, go to the Planning Department web site at bonnercountyd.gov/current-projects. If you experience difficulties visiting the project web page, try an alternative browser (Mozilla Firefox or Google Chrome) for access. If you prefer to receive hard copies of the application or have any difficulties reaching this web site, please contact the planning department as soon as possible.

Please review the application relative to your agency's area of expertise and include any recommended conditions of approval and supporting code sections by **September 29, 2025**. If your agency requires any additional information from the applicant, please advise the planning department in writing allowing ample time for applicant response. All comments will be forwarded to the applicant and representatives. If no response is provided, staff will conclude your agency has no objections to the project or recommended conditions.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

REF: SS0005-25

TO: Janna Brown – Bonner County Planning Department

Jake Weimer for Sanborn Creek Ventures LLC & Jeremy Grimm

Good afternoon,

Idaho Department of Water Resources (IDWR) – Northern Regional Office thanks Bonner County for the opportunity to comment on SS0005-25.

The Preliminary Plat Application declares four (4) subdivided lots with each lot proposed to have a private ground water well drilled for each lot.

For **Idaho Code §42-111** please reference <https://idwr.idaho.gov/domestic-exemption/>

Idaho Code §42-111 (current code passed July 1, 2025) authorizes an individual parcel owner non in a ground water management area to construct a ground water well for domestic exemption (no water right required) use for in-home use, livestock use, and up to ½ acre irrigation so long as daily diversion does not exceed 13,000 gpd.

During development if any of the individual lot owners exceed the domestic exemption detailed above, they are required to file for a recorded water right by submitting an Application for Permit with IDWR; each parcel owner may pursue securing recorded water rights at any time in the future or maintain their beneficial use water right covered by the domestic exemption.

The Applicant is encouraged to contact IDWR directly to engage in conversation related to water right requirements for the proposed development, but IDWR has no recommended conditions of approval for SS0005-25.

Thank you for the opportunity to comment on the proposed Conditional Use Permit. Our office has reviewed the project location and its potential concerns for cultural resources and have concluded that archaeological resources may be encountered, and we recommend an archaeological survey prior to any ground disturbing activities. Please see the attached letter from our office. Should you have any additional questions or concerns, please let our office know at your earliest convenience.

Sincerely,

Chris

**Re: File SS0005-25 – Short Plat – Priest River Pines 1st Addition
SHPO Review No.: 2025-1082**

Dear Bonner County Planning Department:

Thank you for consulting with our office on the above-referenced project. The State Historic Preservation Office is providing the following comments to the Bonner County Planning Department regarding potential effects to archaeological and historic built environment resources within the proposed project footprint or its immediate vicinity.

On 28 August 2025, our office received notification of the project application with a request for agency review. The historic property review was initiated in response to a request to divide one (1) approximate 20-acre parcel into four (4) approximate 4.95-acre lots. The property is zoned Rural 5. The project is located off Daytona Drive in Priest River, generally located in Sections 22, Township 56 North, Range 5 West, Boise-Meridian, Idaho.

Our office consulted historic aerial images and maps in addition to the Idaho Cultural Resources Information System in an effort to identify cultural resources in the area. The project location is within a region that has known archaeological resources that may be encountered during project development. Therefore, we recommend an archaeological inventory be conducted to identify any cultural resources within the 20-acre project area. This survey should be conducted by an individual or firm meeting the Secretary of the Interior's Professional Qualifications for archaeology.

A list of qualified professionals who meet the requirements for archaeologist can be found on our website at https://history.idaho.gov/wp-content/uploads/Idaho_HP_Consultants_List.pdf. Inclusion on this list should not be viewed as an endorsement or recommendation by the State Historic Preservation Office. More information and guidance about conducting archaeological inventories within Idaho can be found at our website at <https://history.idaho.gov/shpo/idaho-shpo-guidance/>.

In the event that previously unidentified archaeological material is inadvertently encountered during the implementation of this project, work If you have any questions, or the scope of the project changes, please contact me at chris.shaver@ishs.idaho.gov or (208) 488-7467.

Sincerely,

NOTICE OF AGENCY REVIEW

I hereby certify that a true and correct copy of this "Notice of Agency Review" was digitally transmitted or mailed (postage prepaid) on this **28th** day of **August 2025**.

Jenna Brown
Jenna Brown, Administrative Assistant III

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Thursday, August 28, 2025**.

File SS0005-25 – Short Plat – Priest River Pines 1st Addition is requesting to divide one (1) approximate 20-acre parcel into four (4) approximate 4.95-acre lots. The property is zoned Rural 5. The project is located off Daytona Drive in Priest River, generally located in Sections 22, Township 56 North, Range 5 West, Boise-Meridian, Idaho. The project site is within the service area of West Pend Oreille Fire District.

To review this application, go to the Planning Department web site at bonnercountyid.gov/current-projects. If you experience difficulties visiting the project web page, try an alternative browser (Mozilla Firefox or Google Chrome) for access. If you prefer to receive hard copies of the application or have any difficulties reaching this web site, please contact the planning department as soon as possible.

Please review the application relative to your agency's area of expertise and include any recommended conditions of approval and supporting code sections by **September 29, 2025**. If your agency requires any additional information from the applicant, please advise the planning department in writing allowing ample time for applicant response. All comments will be forwarded to the applicant and representatives. If no response is provided, staff will conclude your agency has no objections to the project or recommended conditions.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

Re: SS0005-25-Short Plat – Priest River Pines 1st Addition

Panhandle Health District (PHD) notes that the application states there is to be individual septic provided for each new lot. PHD has no record of septic approval for the property. We recommend the applicant contact PHD to assess the septic feasibility of the proposed lots.
