Appendices: (A) File V0031-25 Staff Report
(B) Land Use Decision-Making Worksheet

Dear Tim,

The Bonner County Zoning Commission, at the January 8, 2026 hearing, denied the referenced application.

Commissioner Mauk moved to deny this project V0031-25 based upon the following conclusions:

Conclusion 1

Conditions apply to the property that **do not** apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.

Conclusion 2

Special conditions and circumstances **do** result from the actions of the applicant.

Conclusion 3

The granting of the variance **is not** in conflict with the public interest in that it **will not** be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot. (Ord. 559, 1-4-2017)

This decision is based upon the evidence submitted up to the time the Staff Report was prepared and testimony received at the hearing. Commissioner Mauk further moved to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property. The action that could be taken, if any, to obtain the variance is to:

1. File a new application with the Planning Department and meet the standards required by Bonner County Revised Code; or
2. Appeal the decision to the County Commissioners.

Commissioner Johnson seconded the motion.

Commissioner Johnson: AYE
Commissioner Poulsen: AYE
Commissioner Blaser: Abstain
Commissioner Mauk: AYE
Commissioner Pound: AYE

Voted upon and the Chair declared the Motion passed, 4 in favor, 1 abstained.

Bonner County Revised Code, Section 12-262, provides an opportunity for affected persons to appeal Zoning Commission decisions with the Planning Director within 28 days after the final written decision of the Zoning Commission has been issued. Any such appeal must be submitted in accordance with the referenced code section no later than **5:00 p.m., February 25, 2025. AN APPEAL SHALL BE ACCOMPANIED BY A FILING FEE IN ACCORDANCE WITH THE APPROVED FEE SCHEDULE. THE FEES ARE PAYABLE TO THE BONNER COUNTY PLANNING DEPARTMENT.**

NOTE: Following any final decision concerning a site-specific land use request, the applicant has a right to request a regulatory taking analysis pursuant to Section 67-8003, Idaho Code (*Idaho Code §67-6535(3)*).

Please contact the Planning Department if you have any questions.

Sincerely,

Commissioner Jeff Poulsen
Chair, Bonner County Zoning Commission

Site Plan

Project summary:

The applicant is requesting a 2.1' street setback where 25 feet is required for the expansion of a legal nonconforming accessory building. The 0.630-acre property is zoned Recreation (Rec). The project site is located on the corner of Creekside Drive and Kalispell Bay Road in Section 12, Township 60 North, Range 5 West, Boise-Meridian.

Applicable laws:

The following sections of BCRC, Title 12, apply to this project:

BCRC 12-232, General provisions
BCRC 12-233, Application, contents
BCRC 12-234, Variance, standards for review of applications
BCRC 12-412, Density and Dimensional Standards; Suburban, Commercial, Industrial, Rural Service Center, Recreation and Alpine Village Zones

Background:

A. Site data:

Land Use: Residential
Platted: Schneiders Subdivision Blk 1, Lot 7
Size: 0.63-acres
Zoning Designation: Recreation (Rec)
Comp Plan Designation: Resort Community (0-2.5 AC)

B. Access:

Creekside Drive, a Bonner County owned and maintained public right-of-way.

C. Environmental factors:

Site does contain mapped slopes. (USGS)
Site does not contain mapped wetlands. (USFWS)
Site does not contain frontage on any mapped body of water.
Parcel is within SFHA Zone D per FIRM Panel Number 16017C0200F, Effective Date 7/7/2014.

D. Services:

- Water: Kalispell Bay Water & Sewer
- Sewage: Kalispell Bay Water & Sewer
- Fire: West Priest Lake Fire District
- Power: Northern Lights, Inc.
- School District: West Bonner School District #83

E. Comprehensive Plan, Zoning and Current Land Use

Compass	Comp Plan	Zoning	Current Land Use & Density
Site	Resort Community (0-2.5 AC)	Recreation	Residential, 0.63-acres
North	Resort Community (0-2.5 AC)	Recreation	Residential, 0.36-acres
East	Resort Community (0-2.5 AC)	Recreation	Undeveloped, 4.74-acres
South	Resort Community (0-2.5 AC)	Recreation	Undeveloped 2 Lots, 0.466 and 0.478-acres
West	Resort Community (0-2.5 AC)	Recreation	Residential, 0.47-acres

F. BCRC 12-232, General Provisions

In accordance with BCRC 12-232, the applicant is seeking a 91.6% variance to street setbacks.

G. BCRC 12-233, Application, contents

In accordance with BCRC 12-233, the applicant submitted all the required documents and the application was deemed complete on October 6, 2025.

H. BCRC 12-234, Variances, standards for review of applications

BCRC 12-234 specifies that "The staff, Zoning Commission, hearing examiner and/or Board shall review the particular facts and circumstances of each proposal submitted. To grant a variance, the hearing examiner or the Governing Body must find adequate evidence showing that:"

- (a) Conditions apply to the property that do not apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.**

Applicant: "The existing garage was built in the 1960s before the current landowner purchased the property. Its existing location was within the front and sideyard setbacks of Kalispell Bay Road and Creekside Drive. An addition was added to the north side of the garage by the current landowner who was unaware of the encroachment."

Staff: While the subject property does contain mapped slopes, per GIS LiDAR data, they are very minimal and appear to be associated with roadside ditches. The subject property does not contain any mapped wetlands or bodies of water and is within SFHA Zone D, which does not require floodplain development permitting. The lot is approximately 0.63-acres in size and rectangular in shape. Many lots in the vicinity have one street setback on their property, whereas the subject property has frontage on two streets, Creekside Drive and Kalispell Bay Road.

There is no evidence that the landowner has changed the lots size, shape or topography of the lot since obtaining it.

- (b) Special conditions and circumstances do not result from the actions of the applicant.**

Applicant: "Similar setback reductions have been allowed in the past within the same community."

Staff: Per Warranty Deed, Instrument #933885, the current owner acquired the subject property in January of 2019. Based on Assessor data for the property, the original structure was built in 1960 which would make it a legal nonconforming structure per BCRC 12-344; however, per BCRC 12-344 (A) No such nonconforming structure may be enlarged or altered in any way which increases its nonconformity.

Via GIS Imagery from 2023-2024, it was determined that an addition to the legal nonconforming structure was added. Subsequently a Zoning Violation, file number ZV0005-24, was initiated on October 8, 2024.

- (c) The granting of the variance is not in conflict with the public interest in that it will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot.**

Applicant: "Allowing the existing structure to remain with a reduced street back would not affect the existing road network and would not affect the building area of neighboring properties."

Staff: A comment submitted by Northern Lights, Inc. states the proposed changes to the structure will not affect their right of way or operations. Bonner County Road & Bridge submitted a comment in opposition to the proposed variance as a reduced setback can create issues when maintaining the road and utilities. (Full Road & Bridge comment can be found in the attached Appendix B.)

No other comments from the public or any public agency or taxing district were received that stated that the proposed project would be detrimental to the public health, safety, or welfare or be materially injurious to the surrounding properties or improvements within the vicinity of this project.

I. BCRC 12-412, Density and Dimensional Standards; Suburban, Commercial, Industrial, Rural Service Center, Recreation and Alpine Village Zones

Per BCRC 12-412 Table 4-2, the street setback in the Recreation zone is 25'. This request is proposing a deviation from this standard to allow for a 2.1' setback. Per the submitted site plan, the original structure was setback approximately 5'.

BCRC 12-7.2, et seq., Grading/erosion/stormwater management

Stormwater Management concerns will be addressed during the Building Location Permit phase in accordance with BCRC 12-720. No further review is required for this project.

Zoning Commission

MOTION TO APPROVE: I move to approve this request FILE V0031-25, finding that it is in accord with the Bonner County Revised Code as enumerated in the following conclusions of law:

Conclusion 1

Conditions apply to the property that **do not** apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.

Conclusion 2

Special conditions and circumstances **did not** result from the actions of the applicant.

Conclusion 3

The granting of the variance **is not** in conflict with the public interest in that it **will/will not** be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot. (Ord. 559, 1-4-2017)

This is based upon the evidence submitted up to the time the Staff Report was prepared and testimony received at this hearing. I further move to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property.

MOTION TO DENY: I move to deny this request FILE V0031-25, based upon the following conclusions:

Conclusion 1

Conditions apply to the property that **do/do not** apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.

Conclusion 2

Special conditions and circumstances **do/do not** result from the actions of the applicant.

Conclusion 3

The granting of the variance **is/is not** in conflict with the public interest in that it **will/will not** be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot. (Ord. 559, 1-4-2017) This decision is based upon the evidence submitted up to the time the Staff Report was prepared, and testimony received at this hearing. I further move to adopt the reasoned statement as discussed in deliberation at this hearing and the analysis as set forth in the Staff Report (or as amended during this hearing) and direct planning staff to draft the reasoned statement to reflect this motion as set forth in Idaho Code section 67-6535, have the Chair sign, and transmit to all interested parties. This action does not result in a taking of private property. The action that could be taken, if any, to obtain the variance is to:

- 1) File a new application with the Planning Department and meet the standards required by Bonner County Revised Code; or
- 2) Appeal the decision to the County Commissioners.

Conditions of approval:

A-1 Only the development highlighted on the site plan has been reviewed for variance standards. All other development shown must comply with Bonner County Revised Code.

A-2 This variance shall not supersede any deed restrictions.

A-3 A Building Location Permit shall be required for the highlighted development.

The complete file is available for review in the Planning Department, 1500 Highway 2, Suite #208, Sandpoint, ID. Some file application material is available online at www.bonnercountyid.gov Bonner County Revised Code (BCRC) is available at the Planning Department or online.

The Bonner County Road & Bridge Department is opposed to the requested 2ft street setback variance from the edge of Creekside Drive right of way. The road is a County maintained road, and structures this close to the road create issues with our ability to maintain the road, plow snow, trim brush, etc. effectively without taking special care not to damage buildings. For example, snow, ice, and rocks can fly 30ft off of the blades of passing snow plows. When doing brushing projects, pulverizing stumps and brush with the attachment on our excavator can throw woody debris quite a distance, all of which can damage siding, windows, etc.

Utilities need to be installed outside of the road prism and as near as practical to the edge of the public right of way according to the Bonner County Road Standards Manual Section 2.5E. This puts power lines and other utilities too close to the edge of the building or forces the utilities to be installed closer to the road to maintain a reasonable separation from the structures. Utilities being closer to the road impacts our ability to upgrade and improve the road in the future, and in many cases forces the utilities into the area reserved for roadside ditches and drainage, further impacting our ability to create and maintain suitably deep ditches. According to the electric companies, they need a minimum of 10ft separation from structures, and this proposed location would make the outer 8ft of the public ROW unsuitable for utility installations if/when the need arises in the future if this 2ft setback were to be permitted.

While the original structure was not the fault of the applicant, expanding the structure and worsening an already problematic setback situation is untenable to our department, and has impacts into the far future.

NOTICE OF PUBLIC HEARING

I hereby certify that a true and correct copy of this "Notice of Public Hearing" was digitally transmitted or mailed (postage prepaid) on this **2nd** day of **December 2025**.

Jeannie L. Welter
Jeannie Welter, Systems Technician

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Tuesday, December 2, 2025**.

NOTICE IS HEREBY GIVEN that the Zoning Commission will hold a public hearing at **5:30 pm** on **Thursday, January 8, 2026** in the Bonner County Administration Building, 1500 Highway 2, Sandpoint, Idaho, by Zoom teleconference, and YouTube Livestream to consider the following request:

File V0031-25 - Variance - Street Setback: The applicant is requesting a 2.1' street setback where 25' is required for the expansion of a legal nonconforming accessory building. The ≈0.63-acre property is zoned Recreation. The project site is located off Creekside Drive in Section 12, Township 60 North, Range 05 West, Boise-Meridian. The project site is within the service areas of West Priest Lake Fire District, Kalispell Bay Water and Sewer, and West Bonner School District #83.

For details regarding this application, Zoom teleconference, or YouTube livestream, visit the Planning Department web site at www.bonnercountyid.gov/departments/Planning. Staff reports are available online or may be viewed at the planning department approximately a week before the scheduled hearing.

Written statements must be submitted to the planning department record no later than seven (7) days prior to the public hearing. Written statements not exceeding one standard letter sized, single spaced page may be submitted at the public hearing. Statements can be sent to the Bonner County Planning Department at 1500 Highway 2, Suite 208, Sandpoint, Idaho 83864; faxed to 866-537-4935 or e-mailed to planning@bonnercountyid.gov. The referenced start time stated above reflects the beginning of the hearing. Specific file start time and hearing duration vary.

During the hearing for this application, the public will be given an opportunity to provide testimony and/or evidence regarding how the proposal does or does not comply with the applicable approval criteria of the Bonner County Revised Code. At the close of the public hearing, the governing body will make a decision on the application that may include, but is not limited to, approval, denial, remand, or continuance of the public hearing. Any person needing special accommodations to participate in the public hearing should contact the Bonner County Planning Department at (208) 265-1458 at least 48 hours prior to the scheduled hearing.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

Jeannie,

NLI is not opposed to the proposed variance.

We have overhead lines feeding that lot and lots in the vicinity.

The proposed changes to the structure will not affect our right of way or operations.

Thanks for the opportunity to review and comment--sincerely,

Samuel Ross

LAND USE DECISION-MAKING WORKSHEET VARIANCE

Idaho Code §67-6535 (2): The approval or denial of any application required or authorized pursuant to this chapter shall be in writing and accompanied by a reasoned statement that explains the criteria and standards considered relevant, states the relevant contested facts relied upon, and explains the rationale for the decision based on the applicable provisions of the comprehensive plan, relevant ordinance and statutory provisions, pertinent constitutional principles and factual information contained in the record.

STANDARDS FOR VARIANCE REVIEW:

Prior to approving a variance, the governing body shall review the particular facts and circumstances of each proposed conditional use permit in terms of the following standards and shall find adequate evidence showing that such use at the proposed location.

Idaho Code §67-6516		Each governing board shall provide, as part of the zoning ordinance, for the processing of applications for variance permits. A variance is a modification of the bulk and placement requirements of the ordinance as to lot size, lot coverage, width, depth, front yard, side yard, rear yard, setbacks, parking space, height of buildings, or other ordinance provision affecting the size or shape of a structure or the placement of the structure upon lots, or the size of lots. A variance shall not be considered a right or special privilege, but may be granted to an applicant only upon a showing of undue hardship because of characteristics of the site and that the variance is not in conflict with the public interest.
YES	NO	List the relevant evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.
No public comments were received indicating that this project is in conflict with the public interest, however a comment from the Road & Bridge Department was received indicating it may cause issues with road maintenance or plowing. The Zoning Commission agreed that the hardship comes from the result of needing to remove the legal nonconforming structure.		
BCRC 12-232		GENERAL PROVISIONS
YES	NO	List the evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.

The Zoning Commission agreed that the project met this requirement and adopted the analysis found in the Staff Report.		
BCRC 12-233 APPLICATION, CONTENTS		
YES	NO	List the evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.
The Zoning Commission agreed that the project met this requirement and adopted the analysis found in the Staff Report.		
BCRC 12-234 (A) VARIANCES, STANDARDS FOR REVIEW OF APPLICATIONS		
Conditions apply to the property that do not apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.		
YES	NO	List the evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.
The Zoning Commission states that surrounding properties are only subject to a property line setback of 5' where the subject property has two 25' street setbacks.		
BCRC 12-234 (B) Special conditions and circumstances do not result from the actions of the applicant.		
YES	NO	List the evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.
The Zoning Commission agreed that this project results from the actions of the applicant because the applicant constructed an addition to the legal nonconforming structure without a Building Location Permit. Had the applicant applied for a Building Location Permit prior to construction, the nonconforming nature of the structure would have been identified.		
BCRC 12-234 (C) The granting of the variance is not in conflict with the public interest in that it will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot.		

YES	NO	List the evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.
The Zoning Commission agreed that this project is not in conflict with the public interest due to comments received from Northern Lights stating that the project would not affect their utilities or right-of-way.		
BCRC 12-7.2 GRADING, STORMWATER MANAGEMENT AND EROSION CONTROL		
YES	NO	List the evidence from the <u>record</u> that supports your conclusion and the rationale for the conclusion.
The Zoning Commission agreed that the project met this standard and adopted the analysis found in the staff report.
