Hi Janna,

Please consider this email as comment from Idaho Department of Fish and Game (IDFG) regarding application VA0006-25. The purpose of these comments is to assist the decision-making authority by providing technical information addressing potential effects on wildlife and wildlife habitat and how any adverse effects might be mitigated.

IDFG recommends that the applicant retain the existing riparian buffer between the residence and Prospect Creek. This should be a sufficient buffer and act as biofiltration.

Thank you for the opportunity to review and comment.

Merritt Horsmon
