

**BONNER COUNTY PLANNING DEPARTMENT
ADMINISTRATIVE DECISION
LETTER/REASONED STATEMENT
ADMINISTRATIVE VARIANCE – FILE
VA0012-25**

Project Name: Cartisano – Street Setback

File Number: FILE #VA0012-25

Request: The applicant is requesting a street setback of 17’6” where 25’ is required for the purposes of constructing an Accessory Dwelling Unit.

Legal Description: 25-57N-2W TAX 8 & 9

Location: The project site is located off Bottle Bay Road in Section 25, Township 57 North, Range 2 West, Boise-Meridian.

Parcel Number: RP57N02W252880A

Parcel Size: 1.285-acres

Applicant/Property Owner: Gary Cartisano
[REDACTED]
Sandpoint, ID 83864

Project Representative: N/A

Application filed: April 30, 2025

Notice provided: Mail: May 13, 2025

Date of Report: June 12, 2025

Appendix: Appendix A – Notice of Public Hearing Record of Mailing
Appendix B – Agency Comments

This application has been reviewed against the standards for a variance in Bonner County Revised Code 12-234 and it has been determined that the request **has met** the criteria based on the findings of fact and conclusion of law. The references application is hereby administratively **approved** per the review below.

Site Plan

Project summary:

The applicant is requesting a street setback of 17'6" where 25' is required for the purposes of constructing an Accessory Dwelling Unit. The property is zoned Rural 5 (R-5). The project site is located off Bottle Bay Road in Section 25, Township 57 North, Range 2 West, Boise-Meridian.

Applicable laws:

The following sections of BCRC, Title 12, apply to this project:

BCRC 12-232, General Provisions
BCRC 12-233, Application, contents

BCRC 12-234, Variance standards
BCRC 12-238, Administrative Variances
BCRC 12-400, et seq., Development standards
BCRC 12-7.2, et seq., Grading/erosion/stormwater management
BCRC 12-800 et seq., Definitions

Background:

A. Site data:

Land Use: Residential
Unplatted
Size: 1.285-acres
Zoning Designation: Rural 5
Comp Plan Designation: Rural Residential (5-10 AC)

B. Access:

Bottle Bay Road, a Bonner County owned and maintained public right-of-way.

C. Environmental factors:

Site does contain mapped slopes. (USGS)
Site does contain mapped wetlands. (USFWS)
Site does contain frontage on Lake Pend Oreille.
Parcel is within SFHA Zone AE and Zone X per FIRM Panel Number 16017C0720E,
Effective Date 11/18/2009.

D. Services:

- Water: Individual Well
- Sewage: Individual Septic
- Fire: Sagle Fire District
- Power: Avista Utilities
- School District: Lake Pend Oreille School District #84

BCRC 12-232, General Provisions

The applicant is requesting a variance to the street setback from Bottle Bay Road.
This request is in accordance with this provision.

BCRC 12-233, Application, contents

In accordance with BCRC 12-233, the applicant submitted all the required documents, and the application was deemed complete on April 30, 2025.

BCRC 12-238, Administrative Variances

In accordance with BCRC 12-238, the applicant is seeking a 30% variance to the street setback.

BCRC 12-400, et seq., Development Standards

BCRC 12-411: Density and Dimensional Standards; Forestry, Agricultural/Forestry and Rural Zones Table 4-1 sets the street setback for R-5 at 25 feet.

BCRC 12-234, Variance, standards for review of applications

- (a) **Conditions apply to the property that do not apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.**

Applicant: "The requested building permit is being located on the most feasible and practical area on the lot which will encroach approximately 9 feet into the right of way setback area. This encroachment is over 20 feet below the existing grade/level of Bottle Bay Road. The topography of the site necessitates this minor encroachment which has no significant impact on any other use."

Staff: According to GIS LiDAR data, the subject property is primarily made up of slopes exceeding 30%, from the edge of Bottle Bay Road down to Lake Pend Oreille. Per the submitted site plan and county GIS, there is an area that is currently being used as a driveway that will become the location for the garage/ADU. With a street setback of 25' on one side and a 40' waterfront setback on the other side of the parcel, development on this lot can be extremely difficult.

- (b) **Special conditions and circumstances do not result from the actions of the applicant.**

Applicant: "This lot was created many decades ago and owner is seeking to now use this lot for this permit."

Staff: The applicant acquired the subject property on March 30, 1999, via Warranty Deed, Instrument No. 542204. Since the time of acquisition, there is no indication that the applicant has altered the lot's size, shape, or topography. The applicant has no control of the topography of the parcel or the street and waterfront setbacks that are putting constraints on the buildable area of the parcel.

Moving the structure to a new location would likely require excessive excavation to the property, potentially increasing the risk of erosion or other setback violations.

- (c) **The granting of the variance is not in conflict with the public interest in that it will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot.**

Applicant: "The subject lot access road has been existing for decades and this encroachment for this permit to build this garage ADU is on the furthest outward area of the right of way setback area. There is no conflict or change by owner which affects the public interest."

Staff: Per comment from Bonner County Road & Bridge, there is increased risk of damage due to the requested setback and the counties requirement to maintain the road. (See attached comment for more details). No other agency or public comments

were received suggesting that the proposal would be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot.

I. Stormwater plan

Stormwater Management concerns were addressed during the Building Location Permit, BLP2025-0089, phase in accordance with BCRC 12-720. No further review is required for this project.

J. Agency Review

Agencies were notified of this project on May 13, 2025. A full list of the agencies notified can be found in the attached Appendix A. Agency comments can be found in Appendix B.

The following agencies commented:

Bonner County Road & Bridge

The following agencies replied "No Comment":

Idaho Transportation Department
Idaho Department of Fish and Game
Idaho Department of Environmental Quality
Bonner County Historical Society

All other agencies did not reply.

Public Notice & Comments

At the time this Staff Report was written, no public comments have been received.

Staff Review Summary:

The applicant acquired the subject property on March 30, 1999 and there have been no apparent modifications to the lot's size, shape, or topography since that time. The proposed garage/ADU is in a spot on the parcel that is the most feasible and practical location due to slopes on the property as well as shoreline and street setback requirements. While Bonner County Road & Bridge did express the increased risk of damage due to the setback request and county road maintenance, no other agency or public comments were received indicating that the proposed action would negatively affect public health, safety, or welfare, or materially injurious to properties or improvements within the vicinity.

Planner's Initials: <u>KS</u>	Date: <u>6/12/25</u>
--------------------------------------	-----------------------------

Conditions of Approval:

1. Only the development highlighted on the site plan has been reviewed for variance standards. All other development shown must comply with Bonner County Revised Code.
2. This variance shall not supersede any deed restrictions.
3. Finish the associated building location permit, File #BLP2025-0089.

NOTE: Any determination made by the Planning Director in the administration of the provisions of this title may be appealed to the Board by paying the required fee and notifying the Planning Director in writing of the intent to appeal within ten (10) working days from the date of the determination. Within ten (10) working of receipt of an appeal, the Planning Director shall schedule a meeting with the Board to hear the appeal and shall provide written notice to the appellant of the time and place of the meeting. The Planning Director and appellant shall be provided an opportunity to present the relevant issues to the Board at that meeting. The appellant bears the burden of proof and may be responsible for costs incurred for producing such proof, including engineering or surveying documents for other evidence. The Board's decision shall be final, and further recourse of the appellant shall be as provided by Idaho Code. If no appeal to the Board is filed, the Planning Director's decision shall be deemed final. (BCRC 12-261)

Following any final decision concerning a site-specific land use request, the applicant has a right to request a regulatory taking analysis pursuant to Section 67-8003, Idaho Code (Idaho Code §67-6535(3)).

Please contact this department if you have any questions.

Sincerely,

Alex Feyen, Assistant Director

The Bonner County Road & Bridge Department is opposed to the proposed setback variance. The road is a County maintained road, and structures this close to the road can create issues with our ability to maintain the road, plow snow, trim brush, etc. effectively without taking special care not to damage buildings. In cases with the proposed structures being on a downhill slope (as is the case here), the distances that debris can travel are potentially even greater, and the risk is increased for potential damage that the County could be held liable for. For example, snow, ice, and rocks can fly 30ft off of the blades of passing snow plows, and pulverizing stumps and brush with the attachment on our excavator can throw woody debris quite a distance, all of which can damage siding, windows, etc. With that in mind, if approved, I recommend a condition of approval be a waiver of liability to Bonner County for any damage to the structure from roadway maintenance operations.
