Application filed: August 25, 2025

Notice provided: Mail: September 11, 2025

Date of Report: October 20, 2025

Appendix: Appendix A – Notice of Public Hearing Record of Mailing
Appendix B – Agency Comments

BCRC 12-238, Administrative variances
BCRC 12-400, et seq., Development standards
BCRC 12-7.2, et seq., Grading/erosion/stormwater management
BCRC 12-800 et seq., Definitions

Background:

A. Site data:

Land Use: Residential
Unplatted
Size: 21.42-acres
Zoning Designation: Agricultural/forestry 10
Comp Plan Designation: Ag/Forest Land (10-20 AC)

B. Access:

Lone Pine Road, a privately owned and privately maintained easement.

C. Environmental factors:

Site does contain mapped slopes. (USGS)
Site does not contain mapped wetlands. (USFWS)
Site does not contain frontage on any mapped water body. (NHD)
Bonner County Floodplain Comment: The parcel is within SFHA Zone X per FIRM Panel Number 16017C0950E, Effective Date 11/18/2009.

D. Services:

- Water: Individual Well
- Sewage: Individual Septic
- Fire: Sagle Fire District
- Power: Northern Lights, Inc.
- School District: Lake Pend Oreille School District #84

BCRC 12-232, General Provisions

The applicant is requesting a deviation of the 25' property line setback. This request is in accord with this section.

BCRC 12-233, Application, contents

In accordance with BCRC 12-233, the applicant submitted all the required documents and the application was deemed complete on August 25, 2025.

BCRC 12-238, Administrative Variances

In accordance with BCRC 12-238, the applicant is seeking a 30% variance to the required property line setback.

BCRC 12-234, Variance, standards for review of applications

- (a) Conditions apply to the property that do not apply generally to other properties in the same zone or vicinity, which conditions are a result of lot size, shape, topography, or other circumstances over which the applicant has no control.**

Applicant: "This site has excessively steep slopes on all sides of the only desirable homesite on the property. This home has been redesigned several times to minimize its width east to west, while maintaining the view the homesite provides. As the home moves South East away from the property line, the house quickly falls off the steep slope. Any further movement in this direction incurs unmanageable costs in soil and structural engineering as well as a greater stormwater containment issue. For this reason we are petitioning this variance of 7.5' from standard to allow the construction of this home without exorbitant cost and erosion risk to the land south of the property. We appreciate your consideration on this request."

Staff: According to GIS LiDAR data, the subject property is primarily made up of slopes exceeding 30%. This can present notable challenges when determining the position of the single-family dwelling. The applicants are proposing to locate the home on top of the steep slope as much as possible which is pushing the home closer towards the property line setback.

The subject parcel does not contain any wetlands, Special Flood Hazard Zones, or frontage on any mapped water body. There do not appear to be any other environmental features that would necessitate a variance.

- (b) Special conditions and circumstances do not result from the actions of the applicant.**

Applicant: "As discussed above, this Parcel has mountainous terrain limiting the buildable and reasonably accessible areas on the lot. The property owner has made attempts to purchase a small strip of the unoccupied neighboring land, but has not been successful in doing so."

Staff: The applicant acquired the subject property on January 2, 2024, via Gift Deed, Instrument #1029208. There is no evidence that the applicant has changed the parcels size, shape, or topography in a way that would cause a variance to be required. The steep conditions on the property are outside the applicants control.

- (c) The granting of the variance is not in conflict with the public interest in that it will not be detrimental to the public health, safety, or welfare, or materially injurious to properties or improvements in the vicinity of the subject parcel or lot.**

Applicant: "The variance will not conflict with public interest as the neighboring properties are unoccupied and/owned within the family. The structure is a single-family residence with only seasonal occupancy, preventing a nuisance to any potential future land use of the neighboring properties."

Staff: No comments were received from the public or any agency indicating this variance would be detrimental to the public health, safety, or welfare, or be materially injurious to properties or improvements in the vicinity of this subject parcel.

BCRC 12-7.2, et seq., Grading/erosion/stormwater management

Grading, stormwater management and erosion control concerns were addressed during the Building Location Permit process, File #BLP2025-0451.

Agency Review

Public Notice & Comments

At the time this Staff Report was prepared, no public comments have been received.

Planner's Initials: <u>KS</u> Date: <u>October 20, 2025</u>

Conditions of approval:

1. Only the development highlighted on the site plan has been reviewed for variance standards. All other development shown must comply with Bonner County Revised Code.
2. This variance shall not supersede any deed restrictions.
3. Complete the associated Building Location Permit, File #BLP2025-0451.

NOTE: Any determination made by the Planning Director in the administration of the provisions of this title may be appealed to the Board by paying the required fee and notifying the Planning Director in writing of the intent to appeal within ten (10) working days from the date of the determination. Within ten (10) working of receipt of an appeal,

the Planning Director shall schedule a meeting with the Board to hear the appeal and shall provide written notice to the appellant of the time and place of the meeting. The Planning Director and appellant shall be provided an opportunity to present the relevant issues to the Board at that meeting. The appellant bears the burden of proof and may be responsible for costs incurred for producing such proof, including engineering or surveying documents for other evidence. The Board's decision shall be final, and further recourse of the appellant shall be as provided by Idaho Code. If no appeal to the Board is filed, the Planning Director's decision shall be deemed final. (BCRC 12-261)

Following any final decision concerning a site-specific land use request, the applicant has a right to request a regulatory taking analysis pursuant to Section 67-8003, Idaho Code (Idaho Code §67-6535(3)).

Please contact this department if you have any questions.
Sincerely,

Alex Feyen, Interim Planning Director

REF: VA0026-25

TO: Janna Brown, Administrative Assistant III

Good morning,

The proposed Application specifies that water is served by private well to a single-family residence on the property.

Idaho Department of Water Resources (IDWR) – Northern Regional Office **doesn't have any conditions of approval requirements for the proposed project** but offer the following information as education for the property owners:

- If water use from the existing ground water well exceeds water uses authorized in Idaho Code §42-111 following project completion, a new Application for Permit is required, and the property owner needs to contact IDWR to discuss water right requirements.

Thank you for the opportunity to comment,

File VA0026-25 - Variance - Administrative - Property Line setback

The above-named application has been submitted to the Bonner County Planning Department for processing and has been determined to be complete. The applicant is requesting a 17.5-foot property line setback where 25 feet is required for the purpose of constructing a single-family dwelling. The parcel is zoned Agricultural/Forestry 10 (A/f-10). The project site is located off Lone Pine Rd. in Section 09, Township 55 North, Range 02 West, Boise-Meridian. The project site is within the service areas of Sagle Fire District and Lake Pend Oreille School District #84.

To review this application, go to the Planning Department web site at bonnercountyid.gov/current-projects. If you experience difficulties visiting the project web page, try an alternative browser (Mozilla Firefox or Google Chrome) for access. If you prefer to receive hard copies of the application or have any difficulties reaching this web site, please contact the planning department as soon as possible.

Please review the application relative to your agency's area of expertise and include any recommended conditions of approval and supporting code sections by **October 13, 2025**. If your agency requires any additional information from the applicant, please advise the planning department in writing allowing ample time for applicant response. All comments will be forwarded to the applicant and representatives. If no response is provided, staff will conclude your agency has no objections to the project or recommended conditions.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

Jenna Brown, Administrative Assistant III

This notice was mailed to political subdivisions, property owners within 300 feet of the subject property, and the media on **Thursday, September 11, 2025**.

File VA0026-25 - Variance - Administrative - Property Line setback

The above-named application has been submitted to the Bonner County Planning Department for processing and has been determined to be complete. The applicant is requesting a 17.5-foot property line setback where 25 feet is required for the purpose of constructing a single-family dwelling. The parcel is zoned Agricultural/Forestry 10 (A/f-10). The project site is located off Lone Pine Rd. in Section 09, Township 55 North, Range 02 West, Boise-Meridian. The project site is within the service areas of Sagle Fire District and Lake Pend Oreille School District #84.

To review this application, go to the Planning Department web site at bonnercountyid.gov/current-projects. If you experience difficulties visiting the project web page, try an alternative browser (Mozilla Firefox or Google Chrome) for access. If you prefer to receive hard copies of the application or have any difficulties reaching this web site, please contact the planning department as soon as possible.

Please review the application relative to your agency's area of expertise and include any recommended conditions of approval and supporting code sections by **October 13, 2025**. If your agency requires any additional information from the applicant, please advise the planning department in writing allowing ample time for applicant response. All comments will be forwarded to the applicant and representatives. If no response is provided, staff will conclude your agency has no objections to the project or recommended conditions.

If you have no comment or response, you may indicate below and return this form to the Planning Department.

RE: VA0026-25 Variance Waterfront Setback

Panhandle Health District has reviewed the Bonner County Planning Application referenced above for RP55N02W097803A (756 Lone Pine Road), and has the following comments:

A review of PHD records indicates that the parcel associated with this variance application is served by an Individual Sewage Disposal System (25-09-10195). A reduced setback of the structure to the property line would not affect septic. PHD would caution the applicant regarding future construction activities occurring within the vicinity of the septic tank: No parking, driving or structures over the septic tank; structures must meet a minimum 5-foot setback to the septic tank(s) and/or effluent lines.

Sarah Tonyan, REHS
