RE: ZC0002-25

Panhandle Health District (PHD) has reviewed the Bonner County Planning Application referenced above, and has the following comments regarding the proposed zone change:

- The applicant states that the existing plumbed structure(s) is served by an Individual Sewage Disposal System. A review of PHD records found PHD (19-09-143255) associated with parcel RP55N02W053640A.

If the proposal involves a Change-of-Use from the original use (i.e - residential to commercial or industrial) the applicant must contact PHD to discuss the feasibility of the proposal. A septic system capable of meeting all current standards as established by the Idaho Subsurface Sewage Disposal Rules IDAPA 58.01.03 would be required.
