Hi Dylan,

After review of application ZC0003-25, IDWR does not have any comments on the proposed zoning change. The applicant has filed a Notice of Claim to a Water Right No. 96-10808 for domestic purposes for two homes, which has not yet completed the Adjudication process. Additional water uses developed on either property may be subject to additional water rights requirements. The applicant may contact the IDWR Northern Regional Office by phone at 208-762-2800 or by email at northerninfo@idwr.idaho.gov.

Thank you for the opportunity to comment.

Sincerely,

Any future development will have to follow the current codes regarding fire apparatus access. At this time Northside Fire is following the State of Idaho Fire Marshal's adopted codes, International Fire Code 2018 edition and IDAPA 18.08.01. Easement to back property must remain in place for current occupants and any future property owners.

Bonner County Planning Department,

While Panhandle Health District does not have concern about the proposed Zone Change, but the applicant should be advised that the proposed property split will require that the applicant draw up an approved easement for the purpose of ensuring that the proposed Southern parcel has access to and the ability to use and maintain the shared drainfield and effluent line area in perpetuity. The applicants shall also submit a Land Application with the Health District if Sanitary Restrictions are to be lifted in the event that the land is able to be split.
