2021 Weeds Seminar

Presented by:

Bonner County Noxious Weeds

and

University of Idaho Extension – Bonner County

Thursday, April 29, 2021

8:00 am – 12:00 pm

Sandpoint Organic Agriculture Center

Wickson Conference Hall (2nd floor)

10881 N. Boyer Rd.

Sandpoint, ID 83864

3 Recertification Credits (anticipated)

Agenda

8:00 – Registration, Check-In, Welcome

8:30-9:30 –New Reduced Risk Land Management Herbicides & Adjuvants

Brand new chemistries have hit the market, and this presentation will overview them. Environmental & performance advantages of these new herbicides and adjuvants will be shared, and other pertinent chemistries in the Wilbur-Ellis portfolio will be reviewed.

Presented by Joel Fields, Wilbur-Ellis VM Specialist

9:45-10:45 – Herbicide Labels and Applicator Compliance

This will cover in detail, the parts of an herbicide label and how to interpret the intricacies, and why they are important. Applicator compliance will be stressed, and Idaho State Department of Agriculture resources for assistance will be covered.

Presented by Chuck Hawley, ISDA Pesticide Investigator

11:00-12:00 – Invasive Plants, Identity & Impacts

Discussion of plant characteristics that aid in identification will be covered, as well as the understanding of biology & subsequent impacts of plant invaders that influence ability to manage for productivity & conservation. An emphasis on noxious weeds commonly battled in north Idaho will be the focus.

Presented by Dr. Tim Prather, University of Idaho Ag Professor

Recertification Training

Recertification is a program for all individuals who are licensed as a private or professional applicator to insure they maintain competence and keep current with changing technology. The recertification period is concurrent with the licensing period (2 years).

Private Applicators are required to obtain stickers totaling 6 credit hours during the licensing period.

Professional Applicators are required to obtain stickers totaling 15 credit hours during the licensing period.

*The stickers are issued by the seminar sponsor after attending the workshops.

Additionally, all licensees are encouraged to maintain a list of the dates and locations of the recertification seminars they attend. Forms for tracking are available through the Idaho State Department of Agriculture;

Phone: 208-332-8500

Email: info@isda.idaho.gov

Persons with disabilities who require alternate means for communication of program information or reasonable accommodations need to contact the University of Idaho Extension Office at 208-263-8511 or Bonner County Noxious Weeds at 208-255-5681 ext.6 at least one week prior to the event.
