2022 Weeds Seminar

Presented by:

Bonner County Noxious Weeds

In cooperation with the University of Idaho

Wednesday, April 27, 2022

8:00 am – 12:00 pm

Sandpoint Organic Agriculture Center

Wickson Conference Hall (2nd floor)

10881 N. Boyer Rd.

Sandpoint, ID 83864

3 Recertification Credits (anticipated)

Agenda

8:00 – Registration, Check-In, Welcome

8:30-9:30 –Integrated Weed Control & More

The full arsenal of weed control measures, known as Integrated Pest Management (IPM) will be covered on a variety of sites; from range & pasture to home & garden. Basic weed identification methods/resources, vectors of spread and herbicide label basics will be covered. Will also touch on Idaho Noxious Weed List updates and county resources for the public.

***Presented by: Chase Youngdahl,
Bonner County Noxious Weeds Manager***

9:45-10:45 – Total Vegetation Control

This will cover a number of scenarios where non-selective weed & grass control is desired to achieve bare ground, with a focus on alternatives to glyphosate. New products in the Wilbur-Ellis portfolio, and some of your old favorites, will be presented from a scientific, as well as a practical angle.

Presented by: Lydia Fields, Wilbur-Ellis Representative

11:00-12:00 – Biological Control [of Weeds] Update

Biological control of noxious weeds as part of an IPM approach, and “neighbors helping neighbors” will be the main themes in this presentation. The nuts & bolts of biological control, new developments in the biological control world and resources available to the public will all be tied together with the IPM theme.

***Presented by: Paul Brusven,
Nez Perce Biocontrol Center Coordinator***

Continuing Education for License Holders

Continuing education is required for individuals who are licensed pesticide applicators in the state of Idaho to ensure they maintain competence and keep current with industry changes. The licensing period in Idaho is 2 years.

Private Applicators are required to obtain continuing education units totaling 6 credit hours during the licensing period.

Professional Applicators are required to obtain continuing education units totaling 15 credit hours during the licensing period.

The CEU stickers will be issued by a UI Extension agent at the conclusion of the seminar. Contact the Idaho State Department of Agriculture for additional information related to licensing and credits.

Phone: 208-332-8600

Email: pestidelicensing@isda.idaho.gov

Additional Info for Attendees

This is a live, in-person event only. No virtual options offered.

Masks are welcome, but not required by the event organizer (Bonner County). If the Sandpoint Organic Agriculture Center reinstates their mask mandate before the seminar date, Bonner County Noxious Weeds has no control over it, as the event will be held on University property.

Persons with disabilities who require reasonable accommodations need to contact Bonner County Noxious Weeds at 208-255-5681 ext.6 at least one week prior to the event.
