NEIGHBORHOOD COOPERATIVE COST SHARE PROGRAM

General Information to Applicants

1. Cost Share application packets include two pages to be submitted prior to the spray season, and two pages to be submitted at the conclusion of the spray season. The submittal deadline is **May 31, 2020** for pages 1 & 2 of the application packet, and **August 31, 2020** for pages 3 & 4 (along with the herbicide receipts).
2. The County Weeds Manager and/or Weeds Advisory Board will review all applications. Two or more landowners are required. Lands used for commercial crops do not qualify. Weeds treated must be on the state or county noxious weeds list.
3. Coordinators must keep copies of all receipts for herbicides purchased, as well as detailed spray records. If the work is performed by a commercial applicator, be sure the applicator itemizes labor and herbicide/surfactant costs. Labor charges cannot be reimbursed. The County's payment system requires a copy of the actual invoice or receipt that clearly names the herbicides, the quantity and its cost before any taxes. **Only approved herbicides & spray additives** qualify (listed on page 1 of the packet).
4. Neighborhood Cooperative Cost Share reimbursements are capped at **\$500.00** per individual landowner for eligible herbicides purchased and used, as backed up on page 4 of the packet. Claims under \$500 may be reimbursed in full, funds permitting. In the event there are reduced funds, a formula will be established to equitably distribute the funds.
5. Reimbursement checks are usually issued by the county in October.
6. Herbicides must be used in accordance with all label instructions and safety precautions.
7. The refund amount is set at the sole discretion of the Bonner County Commissioners. The obligation of Bonner County to provide the cost-share reimbursement program is subject to the ability of the County Commissioners to appropriate funds for this program; no refund guarantee can be made. No obligation of funds can be made beyond the 2020 fiscal year.

See example sheets for guidance on filling out the application

*****Late applications may be considered only if projected funding is available. You may call 208-255-5681(extension 6) or email chase.youngdahl@bonnercountyid.gov to confirm your application has been received. ***** You may also call or email anytime for clarity on approved herbicides, state and county listed noxious weeds, herbicide label interpretation or any other aspect of the program.
