Bonner County Noxious Weeds & Pesticide Recertification

2025 SEMINAR

Sponsored by:

Bonner County Noxious Weeds
&
Corteva Agri-Science

Location:

Sandpoint Organic Agriculture Center
Wickson Conference Hall (2nd floor)
10881 N. Boyer Rd
Sandpoint, ID 83864

Date & Time:

Wednesday, April 23, 2025

8:30 am – 12:00 pm

(Check-in begins at 8:30, presentations begin at 9:00)

AGENDA

Continuing Education for License Holders

Continuing education is required for individuals who are licensed pesticide applicators in the state of Idaho to ensure they maintain competence and keep current with industry changes. The licensing period in Idaho is 2 years.

Private Applicators are required to obtain continuing education units totaling 7 credit hours during the licensing period.

Professional Applicators are required to obtain continuing education units totaling 16 credit hours during the licensing period.

*The CEU information will be recorded at the conclusion of the seminar. *Physical stickers are no longer issued.* Contact the Idaho State Department of Agriculture for additional information related to licensing and credits.*

Phone: 208-332-8600

Email: pesticidelicensing@isda.idaho.gov

Additional Info for Attendees

3 Idaho pesticide recertification credits are anticipated

**This is a live, in-person event only. No virtual options offered. **

Persons with disabilities who require reasonable accommodations need to contact Bonner County Noxious Weeds at 208-255-5681 ext.6 at least one week prior to the event.

8:30 – Check-In, Refreshments/Coffee

9:00-9:50 – Herbicide Labels, Safety, Calibration, Tank Mixing & Spraying Techniques

This presentation will encompass a ‘back to the basics’ approach in order to set you up for success with general weed control, touching on each component in the title with anecdotal examples.

Presented by: Chase Youngdahl, Bonner County Noxious Weeds Department

10:00-10:50 – Noxious & Invasive Weed Identification and Control

This presentation will go over identification of state listed noxious weeds found in north Idaho, as well as commonly battled invasive weeds of concern, and will highlight the key differences between noxious weeds & invasive weeds. It will also cover herbicide selections for control, including pre-emergent & post-emergent options.

Presented by: Dave Wenk, Boundary County Noxious Weeds Department

11:00-11:50 – Range & Pasture Herbicides

This presentation showcases Corteva’s (formerly Dow) Range & Pasture line of herbicides for the control of noxious & invasive weeds. It will include new chemistries and formulations, as well as a review of your old favorites.

Presented by: Tanner Smith, Corteva Agri-Science

11:50-12:00 – Wrap-up, License Credits
