The EDRR (early detection, rapid response) listed noxious weeds in Bonner County are either new invaders, or infest very limited acreage in the county. These noxious weeds may be treated at no cost by the County; the Idaho State Department of Agriculture pays the Counties to eradicate their EDRR noxious weeds. We just need permission to work on your property, see Landowner's Agreement Form.

If you see something unfamiliar or out of place, there is a good chance that it is! Bonner County does not want EDRR noxious weeds widespread, but beware of look-alikes. Reference our handbook for additional pictures and descriptions. If you suspect you have spotted one of the below species, bring in a sample to our office for positive identification.

**Leafy Spurge**

**Tansy Ragwort**

**Scotch Broom**

**Small Bugloss**

**Scotch Thistle**

**Yellow Flag Iris**

**Large Knotweeds**

**Rush Skeletonweed**

**Hoary Alyssum**
