## Idaho Noxious Weeds in Bonner County – Categorized:

Applicable Idaho Statute §: Title 22, Chapter 24

Governing Idaho Administrative Rule: IDAPA 02.06.09

**EDRR Noxious Weeds – Early Detection Rapid Response (New Invaders & Small Infestations)**

*EDRR list – infest limited acreage across the county; some on only one site. Eradication is the goal.*

|   |
|---|
| Cogon Grass** (see footnote)              |
| Common Reed (Phragmites)                  |
| Large Knotweeds (Bohemian/Giant/Japanese) |
| Leafy Spurge                              |
| Saltcedar (Tamarisk sp.)                  |
| Scotch Broom* (see footnote)              |
| Scotch Thistle                            |
| Small Bugloss                             |
| Tansy Ragwort                             |
| Yellow Flag Iris                          |

*Watch list – Idaho noxious weeds that do not have a confirmed presence in Bonner County, but are confirmed in surrounding areas of the region. Prevention is the goal. Would be EDRR by default if infestation is confirmed.*

|                           |
|---------------------------|
| Jointed Goatgrass         |
| Poison Hemlock            |
| Puncturevine              |
| Vipers Bugloss (Blueweed) |
| White Bryony              |
| Yellow Starthistle        |

\*: Includes statewide prohibited genera Cytisus, Genista, Spartium & Chameacytisus. Common names include but are not limited to Scotch Broom, French Broom, Portuguese Broom, Moonlight Broom and all related varieties & cultivars.

\*\* : Statewide EDRR

## Idaho Noxious Weeds in Bonner County – Categorized:

***Control list*** – moderate infestation levels; the goal is to suppress populations, prevent spread and possibly eradicate site specific pioneering colonies.

|                        |
|------------------------|
| Diffuse Knapweed       |
| Field Bindweed         |
| Hoary Alyssum          |
| Hoary Cress (Whitetop) |
| Houndstongue           |
| Perennial Sowthistle   |
| Purple Loosestrife     |
| Rush Skeletonweed      |

***Containment list*** – widespread infestations; long term management goals aimed at maintaining high use areas and travel corridors to reduce further spread, and to abate populations for resource protection.

|  |
|--|
| Canada Thistle                                 |
| Curlyleaf Pondweed ( <i>state managed</i> )    |
| Dalmatian Toadflax                             |
| Eurasian Watermilfoil ( <i>state managed</i> ) |
| Flowering Rush                                 |
| Hawkweeds – Orange & Yellow                    |
| Oxeye Daisy                                    |
| Spotted Knapweed                               |
| Yellow Toadflax                                |

***Bonner County Invasive Weeds of Concern***; these are not on the Idaho Noxious Weed List, therefore not subject to the associated statutes & rules, nor is there a county ordinance stipulating control. As a courtesy to landowners, Bonner County recognizes these invasive weeds as secondary targets on county rights-of-way & properties, based on landowner input. Most have a widespread presence.

|                  |
|------------------|
| Absinth Wormwood |
| Bull Thistle     |
| Common Tansy     |
| Hairy Vetch      |
| Marestail        |
| Red Sorrel       |
| St. Johnswort    |
