Memorandum

WEEDS
Item #1

TO: Commissioners
FROM: Chase Youngdahl, Weeds Manager
RE: Surplus Equipment for Auction

The Weeds Department is in possession of a Makita chop saw, a Jet bench grinder (both mounted on large steel stands) and a Landa pressure washer. The chop saw and grinder were acquired when the department was fabricating equipment; they are no longer needed, as they are taking up space that could be utilized for storing actively used sprayers. The pressure washer is obsolete and unreliable. All of this equipment has not been utilized for a long time and is suitable for auction.

Attached is a list of the items being requested to surplus for auction.

D **A suggested motion would be:** Mr. Chairman based on the information before us I move to approve Resolution #18 94 declaring surplus and approve the chop saw, grinder and pressure washer being sent to auction.
